TWO KILLED BY FLYING SPLINTERS

Big Gear Wheel Breaks Under Strain at Victoria Machinery Depot

Flying steel splinters, from a shattered spur gear wheel, instantly killed Edward Rogers, forty-five, of 602 Craig, Howe Road, and fatally injured George Billington, twenty-three, of 1907 View Street, at the Victoria Machinery Depot yesterday afternoon.

Workmen were handling the new Canadian Pacific Coast Service Ss. Princess Elaine out of the water at 5 o'clock for scraping and painting, when the terrific strain shattered a part of the hoisting mechanism. Steel chunks flew, cable twisted and lashed about in all directions.

Rogers was handling the docking of the ship, as engineer in charge of hoisting machinery. He stood beneath the spur gear wheel and beneath the steam throttle. The wheel controlling the steam pressure was above the operator's head.

BREAK AT STRAIN
According to the report in the hands of the City Police the cables were all fast and the hoisting machinery had just taken the strain to bring the steamer up out of the water. There were 2,000 tons of tension on the great gear wheel. Under the strain it broke, its pieces hurtling through the air. One of these missiles of death struck Rogers in the stomach. Another hit his head. He was dead on the instant.

HIT BY SURPRISE
Young Billington was standing outside the engine-room. The crashing gear wheel may have warned him of trouble, as it did others, but he was caught in the back by a flying splinter of steel which literally cut him in two. Another splinter, striking his leg, fractured it like matchwood. The steel chunks came through the engine-room window.

Billington, diver's assistant, had just helped the diver, Jack Denyers, out of his helmet when he was hit. Warned by the crash of the splintering wheel, Denyers leaped behind a sheltering piece of machinery. His quick wits saved his life. The shower of steel littered the place where he had stood.

HAVOC WROUGHT
The engine-room was wrecked. Steel cable twisted and broken, and chunks (Continued on page 3)

Ottawa Calls For Tenders For New Destroyers Recently Announced

Ottawa, May 4.—The Ottawa Citizen to-day says in a news page feature:
"The Government is calling for tenders for the construction of the two torpedo boat destroyers which are to be added to the Canadian navy. Proposals are being invited from some fifteen British builders through the Canadian High Commissioner in London."

"The destroyers are designed to be of the A class of the British Admiralty, but the tenderers are authorized to submit alternative designs. The combined cost of the two vessels will be \$3,000,000.
"No mention is yet made of the time the new vessels are to be delivered."

CITADEL VOTE IS CAUSE OF WARM DEBATE

Conservatives, Progressives and U.F.A. Join in Opposing Funds For Governor-General

Ottawa, May 4.—The House of Commons last night approved a vote of \$150,000 for the residence of the Governor-General in the Quebec Citadel, but not before a lively discussion which came as a punctuation mark after two of the quietest weeks of this session. The debate flared up suddenly and when the sharp exchanges were at an end the votes had been taken. It was found the House had divided 75 to 64, appropriating \$89,000 for renovation and \$70,000 for furnishings and fittings for the Citadel residence.

The first division was on an amendment moved by Hon. J. D. Chaplin, Conservative, Lincoln, Ont., and seconded by Hon. H. E. Stevens, Conservative, Vancouver Centre, that the item be reduced from \$150,000 to \$80,000, thus eliminating the furnishings. After the defeat of the amendment the item was carried.

SPINNING SHEET
The spinning room 170 by 60 feet will be fully occupied with spinning frames, twisting frames, winders and reels, Mr. Fox said. Adjoining this, the roving shed, 170 by 37 feet, will be equipped with roving and drawing machines. The warping room is attached to the roving shed.

The mill will be operated by electricity. The electric driving machines are now on the way from England with the other spinning and roving machinery.

RAILWAY BOARD TO SIT JUNE 27 AT CITY HALL

ROMANTIC TALE OF PIONEER PREACHER BIG TIMES FEATURE

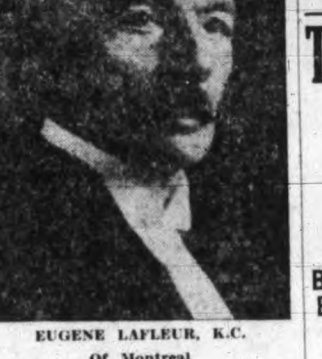

Comparatively few people have even heard of Rev. C. F. Pringle, now with the United Church Marine Mission, and one of the most colorful figures on the West Coast of British Columbia. Yet he is loved and admired by hundreds of scattered settlers all over the Yukon and along the Coast where his work takes him. The story of the interesting career of this pioneer preacher is one of the features of The Times Saturday supplement this week.

Robert Connell tells another interesting story of the Alpine Club at Kirby Creek. There is a tale of the quest for a lost Spanish city by Carl Liddle.

A Page about literary people, with a series of reviews by Professor W. T. Allison, special writer for The Times, a children's page, fashions and topics of general appeal, as well as the four pages of comics, make up the supplement edition.

SUPPORTS MOVE FOR INCREASE IN JUDGES' SALARIES

EUGENE LAFLEUR, K.C. Of Montreal

JUDGES SAID TO BE UNDERPAID

Commons Committee Hears Canadian Bar Spokesmen Recommend Increase

Ottawa, May 4.—Representatives of the Canadian Bar Association supported an increase in the salaries of the judges of Canada before a special committee of the House to-day.

Frederick Taylor, K.C., St. John, N.B., declared the New Brunswick Bar favored a readjustment of the salaries of the judges.

"It is not a dissenting voice in regard to the matter," said Mr. Taylor. "It is recognized the salaries paid the judges are inadequate."

It was impossible for judges of the Supreme and County Courts, especially in New Brunswick, properly to carry out their duties under the present scale, he said. The St. John Board of Trade supported the proposal.

COMMITTEE'S SUGGESTIONS
Hon. N. W. Rowell, K.C., Toronto, presented the "considered views" of a committee of the Canadian Bar Association. The opinion of the committee was that the judges of the Supreme Court of Canada should receive \$20,000 a year and judges of the Exchequer Court, \$15,000. A reasonable allowance to the chief justice of each province was also recommended.

County and district judges in large centres of population, where the cost of living is high and the volume of work extensive, should receive \$9,000 a year, it was urged. There was no recommendation for a specific "uniform increase" for county and district judges.

SUPPORT FROM QUEBEC
Eugene Lafleur, K.C., Montreal, declared the views of the Quebec Bar were entirely in accord with those expressed by Mr. Rowell of the Ontario Bar. The inadequacy of judges' salaries was apparent, and the movement for higher remuneration had not originated through the judges, but in the Canadian Bar Association.

"I strongly support this application," he said.

Mr. Lafleur believed some good would result from unofficial conferences between the Government and Bar Association to avoid the making of injudicious appointments to the bench. Questioned by Hon. Ernest Lapointe, Minister of Justice, if on the whole the Canadian system of judicial appointments worked satisfactorily, Mr. Lafleur answered in the affirmative.

The judiciary was pure and unbiased, and the further evidence will be received and the committee to-morrow will begin consideration of its report.

ROBBERS LOOT LIQUOR STORE

Thugs Take \$732.60 From B.C. Government Shop in Vancouver and Escape

Vancouver, May 4.—Safebreakers obtained more than \$700 and other loot early to-day when they entered the Government liquor store at 756 Powell Street, Vancouver, and forced open the safe. According to A. C. H. Lapierre, vendor, the plunder taken from the store consisted of \$538 in bills, \$94.60 in silver, 625 Government liquor seals and five insurance policies for sums totaling \$10,000.

Examination of the safe disclosed the combination dial had been battered off the door, the tumblers of the lock manipulated and the door opened. After looting the safe, the robbers had closed the door and put the combination dial back in its regular position, large wads of chewing gum holding it there. Viewed from the street, the safe gave no indication of having been tampered with.

TWO CREWS NEED RESCUE AFTER CRASH

British Naval Supply Ship Bacchus and Greek Ss. Fafalos Sink in English Channel

London, May 4.—The British naval supply ship Bacchus, after sinking the Greek steamship Ioannis Fafalos at noon to-day, filled with water and this afternoon was itself reported sinking in the English Channel southwest of the Isle of Wight.

The men of the crew of the Bacchus, after picking up the crew of the Greek vessel, themselves had to take to their boats. Rescue was considered imminent, inasmuch as the accident occurred in the lane of considerable travel and a number of other ships were known to be near.

A message from the steamship Baron MacLay said:
"H.M.S. Bacchus wants assistance. Am near him. Can see him sinking by the head slowly."

The Admiralty ordered two tugs from Portland to the scene, and reported the battleship Tiger already was in the vicinity.

Details of the accident have not been received here. What little is known of it came from wireless messages from the Bacchus and the Baron MacLay, relayed to Lloyds from the receiving stations on the Isle of Wight.

The first of these messages reported the Bacchus had sunk an unknown ship and after stating the sailors were in the water and being picked up, gave the position as approximately two longitudes west and forty-nine latitude north. Later messages identified the vessel as the Greek steamship Ioannis Fafalos, with a register of 1,998 tons net. Still later came a message that the men of the Bacchus, with those they had picked up, had seen forces to take to the boats and abandon their ship.

The Bacchus, of 3,500 tons, 285 feet in length, was purchased from private interests by the British Navy in 1915 and has since been used as a supply ship.

The Greek steamship, which was of 1,998 tons net register, had a crew of twenty-two.

EASTERN CANADIANS HEAR OF GREAT MERGER PLANS

Toronto, May 4.—Discussing the rumors of a merger of power, steel and traction companies suggested by the conference held last week, "tween Captain Alfred Loewenstein, Belgian financier, and J. H. Gundy and others of the Holt-Gundy interests, The Toronto Star to-day said:
"Greater even than the General Motors, almost as great as the U.S. Steel Corporation, probably would be the total wealth represented by a combination of the Holt-Gundy and Loewenstein interests in some steel and power project as has been rumored. A compilation of the outstanding companies now said to be under Holt-Gundy control shows total assets of more than \$2,000,000,000.

"How much money is behind the great Belgian financier is the principal mystery in the discussion of such speculative combination. With power, steel and artificial silk interests scattered all the way from Belgium to France, Switzerland, Italy, England and Spain, "Captain Loewenstein ventures south to South America, Central America, the United States and Canada."

DR. SIPPRELL IS BACK FROM EAST

Attended Meeting of Foreign Mission Board of United Church at Toronto

Missionaries Temporarily Forced Out of China Are Being Placed

Rev. J. W. Sipprell returned yesterday from Toronto where he has been in attendance upon the meeting of the Foreign Mission Board of the United Church.

Other representatives from British Columbia were Rev. A. F. Munro and George Bell. The meeting concerned itself with all matters concerning the church in its fields of work outside Canada, having reference to Japan, Korea, Honan, China, India, Africa and Trinidad. Dr. Sipprell said.

The board was confronted with the necessity of accepting resignations of several of its most valued missionaries in China, owing to the fact that the disturbed conditions in some parts of the country make it impossible for them to resume their work in the near future, and they therefore find it necessary to seek employment in the home land. The work, however, in China, is being carried on in a very effective manner by the home church, assisted by several missionaries who have remained in the country and several who have returned who were temporarily in Japan, Korea and Shanghai. The British consul in China has given permission for a limited number of male missionaries to return to the disturbed areas and leaving their families resident at home. The native Chinese Christians are making a strong appeal for the return of the missionaries to their fields and several who have been on furlough in Canada will do so this Fall. In all other areas of missionary enterprise the United Church reports progress and some eighteen new workers will leave Canada this Summer for Africa, India, Korea, Japan, Honan and Trinidad.

Rev. Harold Swann, M.A., well-known in British Columbia, has been appointed to the principalship of the Church School in Trinidad, while Rev. A. R. Carscallen, B.A., a returned missionary from China, has been appointed principal of Whittby Ladies' College.

Nearly all of the missionaries evacuated from China have either been appointed to other fields of mission or have found satisfactory employment in the homeland.

CHURCH IN GENERAL

A feeling of optimism and assurance pervades the whole church at home and abroad, and the union is proving to be more and more the success it was hoped it would become, says Dr. Sipprell. The contributions of the church since union for interests outside the local congregations has been over \$8,000,000, being twenty per cent more than was contributed by the three churches during the same time previous to union. There has been also through union a great saving of expenditure in the union of small churches in small centres. Throughout Canada some 410 churches dependent on mission funds have been united into 200 strong self-supporting churches, and every minister in these churches has been led to feel that he has a man's job. Moreover it is quite evident that union has brought about a more intense spiritual devotion and developed a larger and richer fellowship.

Throughout the East and West a spirit of confidence regarding the future of Canada seems to be prevalent and enterprises that mean advancement and expansion are under way.

CURRIE SUIT

Great interest was stirred up over the libel suit of Sir Arthur Currie, Dr. Sipprell stated.

The general opinion was that General Currie's case was a clear one, though some wondered if it might not have been as well to have left it out of consideration, he added.

The Metropolitan Church in Toronto, the Cathedral of Methodism stands on the old site in ruined grandeur. Its roof is gone, and the interior, but the walls still stand in a sort of commanding grandeur seeming to make a mute appeal to be rebuilt. It is rumored that the congregation temporarily housed in Central Church on Bloor Street will not rebuild on the old site, but it is not yet settled as to where a new site will be secured.

Both in Toronto and Winnipeg Dr. Sipprell came across many people representing important business interests who were enthusiastic over the possibilities of the great West, and who had hopes that some day they might take up their residence in Victoria.

On Saturday last Dr. Sipprell said good-bye to Mr. and Mrs. George Bell, formerly of Victoria, but now of Vancouver, who sail this week for a tour of the British Isles and the Continent. It is a pleasure to be back in beautiful Victoria and to be permitted to resume work in the church and the city, said Dr. Sipprell, in conclusion.

DAILY NEWSPAPER LEADERS MEET

Toronto, May 4.—Henri Gagnon, managing editor of Le Soleil of Quebec, has succeeded E. H. Macklin of the Winnipeg Free Press as president of the Daily Newspapers Association. Mr. Gagnon is a director of the Canadian Press and has for a number of years served on the board of directors of the Daily Newspapers Association. His election was announced following the annual meeting of this body here yesterday, which was attended by some sixty members.

W. B. Preston of The Brantford Expositor, was elected vice-president, and N. T. Bowman of The Toronto Telegram, treasurer.

BOARD OF DIRECTORS

The following were chosen as directors for the coming year: E. H. Macklin, Manitoba Free Press, Winnipeg; A. W. Robb, Halifax Herald and Mail; T. F. Drumie, Telegraph-Journal and Times-Globe, St. John; H. G. Brewer, Montreal Star; Henri Gagnon, Le Soleil, Quebec; J. E. Smith, Chronicle-Telegraph, Quebec; J. N. Ferrault, La Patrie, Montreal; J. A. Atkinson, Toronto Star; W. G. Jeffrey, Globe, Toronto; H. B. Muir, Whig-Standard, Kingston; W. B. Preston, Expositor, Brantford; George B. Scroggie, Mail and Empire, Toronto; W. McCurdy, Winnipeg Tribune; Burford Hooke, Leader and Post, Regina; John M. Imrie, Edmonton Journal; R. J. Croft, Vancouver Sun; Senator W. A. Buchanan, Lethbridge Herald; N. T. Bowman, Toronto Telegram; and W. J. Sutton, Montreal Gazette.

NEW FRENCH-U.S. FILM AGREEMENT

Paris, May 4.—A step toward an understanding between French and United States motion picture interests was made yesterday after the French Film Control Commission met and appointed a sub-committee to confer with Will H. Hays, representing the Americans. Mr. Hays talked with the members of the sub-committee for nearly four hours, after which it was agreed the original arrangement, whereby it was required that for four United States films introduced in France, one French film must be distributed in the United States should be ended.

The sub-committee will meet again with Mr. Hays and possibly further concessions may be made.

The principal point, however, so far as concerns the United States films, is regarded as having been gained in the concession which increases the number of United States pictures to be imported to seven for each French picture exported.

The new regulation does not mean that one French film for every seven United States pictures imported into France must be sold in the United States. It relates to French and United States films in the ratio sold abroad.

This, in the opinion of authorized representatives of the United States film interests, will make a final agreement much easier.

There are strong hopes in American quarters that a final agreement can be reached under which the film business may be continued as before.

CHANGES MADE IN ROUTING OF CARS

Track and Street Work on Douglas Street Makes Route Alterations Necessary

In order to permit of the expeditions carrying out of the street repaving and the renewal of the car tracks on Douglas Street, between View and Port Streets, it was necessary to make temporary alterations in the routing of a number of the street cars, it is announced by the B.C.E.R.

Beginning on Monday morning, May 7, and continuing until further notice, the Uplands, Willows, Mount Tolmie, Oak Bay and Foul Bay cars will make the corner of Port and Douglas Streets a city terminus for arrival and departure. This means that the city loop, so far as these cars are concerned, will not be used and that passengers who have been accustomed to boarding any of the Port Street cars on Government Street anywhere between Yates and Port Streets, will have to board cars at the intersection of Port and Douglas.

Burnside cars will be routed from the Burnside terminus to the city by way of Government Street, and will return directly to the Burnside terminus by way of Yates and Douglas Streets. There will be no through service between Hillside and Foul Bay.

The Burnside cars will be routed from the Burnside terminus to the city by way of Government Street, and will return directly to the Burnside terminus by way of Yates and Douglas Streets, giving a twenty-minute service for the time being. There will be no through service between Mount Tolmie and Burnside.

Passengers who may wish to transfer from Gorge, Esquimalt, Hillside or Burnside routes to any of the Port Street routes, will leave the car on which transfer was issued at the corner of Yates and Douglas Streets and walk from that point to the corner of Port and Douglas Streets and there board the car for which the transfer has been issued.

There will be no change in the usual week day or Sunday schedules, with the exception of the Burnside route which, as pointed out, will have a twenty minutes of a thirty-minute service for the time being.

It is hoped to have the cars back on their regular routes by May 24.

How Much Water Should Baby Get?

A Famous Authority's Rule

By Ruth Brittain

Baby specialists agree nowadays, that during the first six months, babies must have three ounces of fluid per pound of body weight daily. An eight-pound baby, for instance, needs twenty-four ounces of fluid. Later on the rule is two ounces of fluid per pound of body weight. The amount of fluid absorbed by a breast fed baby is best determined by weighing him before and after feeding for the whole day; and it is easily calculated for the bottle fed one. Then make up any deficiency with water.

Giving baby sufficient water often relieves his feverish, crying, upset and restless spells. If it doesn't give him a few drops of fluid he becomes irritable, and other ills of babies and children such as colic, cholera, diarrhoea, gas on stomach and bowels, constipation, sour stomach, loss of sleep, underweight, etc., leading physicians say there's nothing so effective. It is purely vegetable—the recipe is on the wrapper—and millions of mothers have depended on it in over thirty years of ever increasing use. It regulates baby's bowels, makes him sleep and eat right, enables him to get full nourishment from his food, so he increases in weight as he should. With each package you get a book on Motherhood worth its weight in gold.

Just a word of caution. Look for the signature of Chas. H. Fletcher on the package so you'll be sure to get the genuine. The forty cent bottles contain thirty-five doses. (Adv.)

ROD AND GUN MAGAZINE

Another interesting article on the practical planting of trout fry by John Gall, of Toronto, is one of the features of the May issue of Rod and Gun and Canadian Silver Fox News, which is just published. Besides this there is the usual complement of fishing and hunting articles and stories by popular authors of the magazine and in the regular departments on angling, guns and ammunition, outdoor talk and kennel.

Bonnycastle Dale, well-known outdoor writer, contributed an interesting article on where to fish in the maritimes this year. The approach of the fishing season also occasions the appearance of much interesting material in G. P. Bladen's department. The conservation campaign of the magazine is supplemented this month by a worthy article on fish and game conditions in Alberta by C. A. Hayden, of Calgary.

The Canadian Silver Fox News section also contains several practical articles. Rod and Gun and Canadian Silver Fox News is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

CITADEL VOTE IS CAUSE OF WARM DEBATE

(Continued from page 1)

STATEMENT DENIED

During the height of the discussion Premier King sharply denied a statement by Hon. R. B. Bennett, Conservative leader, that he had "dragged" the name of Lord Willingdon into a controversy to influence a vote.

HOW MEMBERS DIVIDED

As the vote was taken in committee, the names of those voting were not recorded. The amendment was supported by Conservatives, U.F.A., Progressives and the Labor members. Three members on the Government side of the House voted with them. The three were Henri Bourassa, Independent, Labelle, R. Lanctot, Liberal, and Prairie-Naperville, Que., and Robert Milne, Liberal-Progressive, Neepawa, Man. Liberals and Liberal-Progressives, with the exception of Messrs. Lanctot and Milne, voted against the amendment.

QUESTION OF RENTALS

It was while the House was engaged with estimates of the Department of Public Works that the Quebec Citadel discussion came on.

When the House came to the estimates for Quebec, Hon. R. B. Bennett, Conservative Leader, said there must be some regard for the necessities of the public service. These needs were not necessarily confined to constituencies represented by Government supporters. Mr. Bennett spoke of his own constituency of Calgary West. A post office site had been acquired there before the war. Ten years had elapsed since the war and nothing had been done, he said. This was the case of many cities and other communities throughout the West. Rentals were being paid which were equal to the interest and sinking fund sufficient to erect a new building.

The country should be freed from rentals for its public service. More money had been squandered in Ottawa on rentals than would be required to have completed the new Government building now projected, he said. Nearly \$750,000 a year was being spent on rentals in the capital.

PRESSING NEEDS

Hon. J. C. Ethier, Minister of Public Works, agreed with much of what had been said by the Leader of the Opposition. There were, however, other things than Calgary whose public buildings required more immediate attention.

After Mr. Bennett's protest, votes of \$102,000 for improvements and repairs generally, \$125,000 for a public building in Maisonneuve, and \$650,000 toward the purchase of a site and the erection of a new postal terminal in Montreal were approved. The Minister of Public Works explained the building would eventually cost \$1,500,000.

Then the estimates for the Governor-General's quarters in the Quebec Citadel were taken up.

B.C. MENTIONED

Hon. J. D. Chaplin, Conservative, Lincoln, Ont., declared there were rumors. Excellencies were to be provided with a residence also in British Columbia. Where, he asked, was this going to end? Although there were hundreds of constituencies where money was needed for public services, the country was met with an absolutely unwarranted expenditure of this sort, he said.

WOODSWORTH'S VIEWS

J. S. Woodsworth, Labor, Winnipeg North Centre, added his protest. He appreciated something should be done to preserve the old walls of the Citadel, but why, he asked, was money needed for public services, the country was met with an absolutely unwarranted expenditure of this sort, he said.

Replying to H. B. Adgehead, Labor, Calgary west, who also asked if any other Dominion in the Empire had more than one official residence for the Governor-General, Mr. Elliott cited India.

STANDARDS OF LIVING

Mr. Woodsworth commented that because their Excellencies had lived in India and had two good homes, this was no good reason why Canada should emulate India. If the conditions of the peasants in India were examined, it would be seen it would be much better for this country to maintain decent standards of living here.

If it was necessary to have another viceregal residence in Quebec, why should not every province have one? asked Mr. Woodsworth. There was no need for curtains and carpets and luxurious furniture in order to keep up a historic landmark. The money should be voted to some purpose immediately necessary for the people of Canada.

ONE IN EACH PROVINCE

Col. T. Cantley, Conservative, Pictou, N.S., declared that if Canada was to have Governor-General's residences in different portions of the country, each province might have a residence for their Excellencies.

PRESERVATION OF CITADEL

Henri Bourassa, Independent, Labelle, Que., was much interested in the walls of the Citadel than "in that horrible thing called the Governor-General's quarters—an ugly thing which does honor neither to their Excellencies nor to the people of Canada." It would require only a few thousand dollars to keep in condition for a week the necessary lodging for their Excellencies. Mr. Bourassa also drew attention to the historic ruins at Louisbourg, which should be preserved and were now in a state of abandonment.

H. E. Lavigne, Liberal, Quebec-Montmorency, said large votes had been passed for Ottawa and Toronto. Every time an expenditure for Quebec City was proposed, opposition was voiced from the Opposition benches, he said.

"No, no-election stuff, campaign stuff," came a cheer of voices from the Conservative side of the chamber.

HISTORIC SITES

Hon. Lucien Cannon, Solicitor-General, who represents Dorchester, Que., said there evidently was unanimity on one point, and that was that historic sites throughout the country were to be maintained. The Governor-General's quarters were a part of the Citadel itself and the repair work would benefit both the quarters and the fortress. Governor-General had chosen to live in the Province of Quebec for part of every year of their term, because in Canada there were two races and Quebec was the French capital. It was to promote the union of two nationalities that the representative of the sovereign went to Quebec.

"I am astounded to hear such speeches from Tories," said Mr. Cannon. Social unrest was enhanced in a

of the broken wheel lay about the floor. Windows were shattered. The

engineer's broken body lay among the debris.

There were three witnesses of the fatality. Percy W. Tooby, an oiler in the engine-room; William Buckler, apprentice in the moulding shop, and Alexander Walker, foreman in the machine shop, all saw the accident, but escaped the flying pieces of steel.

Dr. A. C. Sinclair was summoned immediately after the accident, and C. & C.'s ambulance was rushed to the plant. Rogers was dead when Dr. Sinclair arrived there, and Billington died two hours later at the St. Joseph's Hospital.

Coroner Dr. E. C. Hart visited the scene of the accident and has ordered an inquest. The date has not been set yet.

WIFE STRICKEN

Rogers left his home yesterday for work for the first time in ten weeks. He left his wife in bed, seriously ill, and three small children in the house doing their best to care for her. An accident in which he had suffered a fractured hip kept Rogers from the plant until last night. At 5 o'clock he started taking the Princess Elaine out of the water, and at 5:10 he was dead.

There was a minister at Mrs. Rogers' bedside when Police Matron Mrs. Gill-ingham and Detective Stark arrived at the little Craigflower Road home.

WIDOWED MOTHER

Mrs. Billington, widowed mother of the fatally injured diver's assistant, took the word of her son's death with extreme calm. "There is a sister at home, surviving young Billington, and another in Scotland. Billington was born at Stirling, Scotland."

Inspector John T. Boulton, Constable Arthur Bishop, Patrol Driver Maurice Wilkinson and Constable Fred Littlefield attended the scene of the accident, some to investigate and others to carry dead or injured from the debris.

A FRIENDLY GESTURE

THE PARTICIPATION OF THE UNITED STATES battleship Pennsylvania in our historic Victoria Day celebration this month will be not only a striking expression of neighborly goodwill towards Canada on the part of the United States, but a lesson in international co-operation and amity which should not be lost upon the world. The authorities at Washington are quite aware that the festivities in which the officers and crew of their country's warship will take part will commemorate the birthday of a British sovereign who was a granddaughter of the ruler during whose reign the great republic was born in the throes of a revolution. Their action in the present instance may be construed as a tribute to the memory of a great queen whom the American people held in the highest regard.

If Europe could catch some of the spirit which prompts these exchanges on this continent, the dawn of world peace would be much nearer. Nor will this be the first time United States warships will have taken part in Victoria Day celebrations in this city. On one occasion a light cruiser came all the way from Honolulu at full speed to fill a part in the programme. Canada on this coast has reciprocated several times by sending a destroyer to Portland and Seattle.

The Pennsylvania is one of the most famous battleships in the United States navy. She is a super-dreadnought of over 31,000 tons, and during the war was the flagship of the head of the republic's fleet. It is understood she will contribute a complement of more than 400 to the Victoria Day parade, and it is to be hoped, therefore, that both the Canadian military and naval services will be represented in this feature of the programme. It is to be hoped, also, that Victoria will show its appreciation of the Pennsylvania's presence by generously supporting the Junior Chamber of Commerce in its arrangements for the appropriate entertainment of the visiting officers and crew.

A CREMATORIUM

IT HAS BEEN REPORTED THAT AN APPLICATION will be made to the city council for permission to construct a crematorium on Quadra Street. It should be safe to assume that no permission will be given for the erection of such an establishment in any residential section of the community.

If a crematorium is to be built, the proper place for it is either at the new cemetery or at some other point well outside the city limits. The residential section is not the place for an establishment of that kind. We can quite understand the protest which has come from the residents of Quadra Street. What would happen if it were reported that some enterprising company wanted to establish a crematorium on Rockland Avenue or in Craigdarroch?

GREAT BRITAIN AND EGYPT

FOR THE TIME BEING GREAT BRITAIN and Egypt have averted what might have developed into serious and costly trouble. The Public Assemblies Bill, to which the British Government strenuously objected, has been withdrawn from the Egyptian Legislature. No guarantee has been given that it will not be reintroduced at a future session. It is merely a postponement of action. If it should make its appearance again in the same form, a similar situation would arise. In the meantime, the matter no doubt will be a subject for further negotiation between the two governments.

The Public Assemblies Bill in brief sought to restrain the police from putting down disorder. In other words, it was a threat to the authorities, under British control, charged with the protection of life and property under all circumstances. It is not clear at this distance just what precise object the Egyptian Government had in view in wishing to put such a law on the statute books of the country. But the principle of the measure obviously was so contrary to established usage in British and other countries that the authorities in London felt it incumbent upon themselves to object to it and make the objection more impressive by the threat of such armed intervention as developments might dictate.

Whatever views may be held respecting Great Britain's interests in Egypt, the fact remains that under the present arrangement she has undertaken to protect the lives and property of the nationals of all countries there as well as her own interests. As far as the Egyptians are concerned, they are governing themselves only in part; and the Public Assemblies Bill is an indication of restlessness under existing conditions which bode ill for British-Egyptian relations—unless the conflicting views which now obtain are reconciled.

What has just taken place, of course, does not dispose of the long-drawn-out controversy between Egypt and Great Britain, any more than the inter-

vention of the United States in Nicaragua will dispose of that problem. The Suez Canal and the Sudan are Britain's chief interests in Egypt and Egypt has benefitted very materially under British control; but when fourteen million people make up their minds that the time has arrived for them to do their own business and run their own country it is difficult to see how another country, no matter what its interests may be, can indefinitely obstruct the realization of that aspiration. It has been said before and is being said again that if Great Britain were to withdraw such control as she now maintains in Egypt, there would soon be a scramble in North Africa that very probably would plunge many nations into another great war. If credence is to be given to this theory, however, we shall have to admit that the world is bankrupt of statesmanship and that all recent efforts to promote a more peaceful relationship between nations have been a sham. No intelligent person will admit that we are so near such a calamity.

If Egypt is sincere in her desire for complete authority in her own domain, and if she is capable of running her own affairs, she should readily give such guarantees as would insure ample protection for all interests from the machinations of other possible trouble-makers. Human progress, of course, depends upon mutual trust. Britain has had experience with South Africa and Ireland. She disposed of those problems—successfully. She now has her Egypt and her India, as the United States has her Nicaragua and her Philippines. Precedent should suggest a successful solution in these cases.

A GREAT EDITOR PASSES

AMERICAN JOURNALISM HAS LOST one of its ablest editors in the death of Mr. Edgar Bramwell Piper of The Portland Oregonian. He was sixty-three years of age and fifty of those years he spent in the atmosphere of printers' ink, beginning as a "devil" and pursuing his way to the sanctum sanctorum in which he wielded very considerable influence in his own country. For many years Mr. Piper was associated with The Seattle Post-Intelligencer and for the last eighteen he had been editor of The Oregonian. It is not too much to say, moreover, that his direction of that journal helped to create its reputation of being one of the best newspapers on the continent. Mr. Piper was a frequent visitor to Victoria of which he always was an enthusiastic friend. The Times wishes to be associated with the tributes which the United States press will pay to the memory of this distinguished figure in the newspaper world.

BEHAVE OR GET OUT

SEVENTY DOUKHOBORS IN THE VICINITY of Nelson appear to be inclined to make good their threat of a few weeks ago to refuse to send their children to school or pay their taxes. They are unconnected with the law-abiding section of the "community" and call themselves the "Sons of Freedom." They paraded the streets of Nelson yesterday and several of them preached, in Russian and English, advocating among other things the union of capital and labor and the universal tilling of the soil. Their objection to sending their children to school is based on their belief that they merely would be turned into "slaves of Satan."

As long as these extraordinary people confine their activities to ritualistic performances there will be no necessity for the authorities to worry very much about them; but as soon as they defy the laws of the country in which they are earning their livelihood they become subjects for the sort of attention which is given to other disturbers of the peace. If that does not cool their ardor, the best thing to do with them would be to send them back to the country of their origin. We have no room in Canada for fanatics.

TWO HOLIDAYS A WEEK
From The Chicago Herald-Examiner
Two holidays a week for every workingman are predicted as an economic development of the near future by the chairman of the finance committee of the General Motors Corporation.

"Electricity," he says, "coupled with the great inventive skill of a man, eventually will bring this about." This is a fascinating prognostication. It seems to be founded, too, upon sound data. During the last quarter of a century or more, labor-saving machinery, while shortening man's working hours, has chiefly been the means of increasing his earnings.

Two holidays a week would furnish more leisure for education and cultural development. They might be instrumental in turning the world more definitely toward spiritual improvement.

POOR WHEAT HARVEST
From The Brandon Sun
The New South Wales wheat harvest of 27,111,000 bushels for the 1926-27 year was the lowest since the disastrous season of 1919-20, and is little more than half the total yield of last season, writes Commercial Agent B. Millin, Sydney, Australia, in The Commercial Intelligence Journal. The average yield of grain per acre was 9.1 bushels or twenty-seven per cent less than the average of the preceding ten years. The grain trade sectional committee of the Sydney chamber of commerce has fixed the fair average quality standard of New South Wales wheat for the 1927-28 season at 60% pounds. The highest weights were recorded in 1907-08 and in 1918-19—62½ pounds in each of these years.

BLACK BEARS AND WHITE VANDALS

To the Editor:—The present seems to be the "age of destruction." The recent flat of the so-called Game Board of British Columbia, against the wholesale killing of the bear, is to say the least, the most inhuman act that has ever perpetrated in the Province. Quite in keeping, however, with their other actions with regard to the destruction of certain valuable economic birds.

The letter by Mr. J. H. Gillespie, in

the answer thereto, by Mr. Whitney Griffiths, in the local papers lately, are of much interest. The Gillespies, father and sons, all hunters and nature students, raised sheep and other cattle in East Sooke long before the appearance in the district of Mr. Griffiths, when those parts were much wilder and much more frequented by wild animals than now. Therefore, Mr. Gillespie's letter is worthy of most careful consideration.

Now, for Mr. Griffiths. It seems to me that I have a recollection that some time ago he was importing the "pewee" that he' to destroy all dogs, because his pet lamb was in danger from these ravenous beasts. Can it be that he has succeeded in having all of man's best friends annihilated, and that now, turning to new ventures in the night life, has picked on the poor bear to be got rid of? What will he be at next? He, in his letter, seeks to draw a red herring across the trail, by depicting the lack of wood for a factory, on account, so he says, of the destruction of sheep by other animals. I have lived on a farm, in the older days, in the wilder parts of the island, where sheep were grown long before Mr. Griffiths' star dazzled our wondering eyes. I have seen many flocks of sheep, and I have seen the decline of the industry. But, if Mr. Griffiths had only made himself acquainted with facts before rushing into print, he would have found that Mr. Gillespie, he would have known that it was not on account of bears that this industry declined, but because of the then low prices of wool and mutton. I doubt if Mr. Griffiths can point to a definite case of a black bear killing sheep, and I am quite sure that he cannot lay to them any claim of destruction of sheep.

Mr. Griffiths alludes to the pheasant outcry. Here, again, is food for thought. Most farmers in the Province have now posted their lands against vagrant hunters. I dare say that if we all would do likewise, the strange thing is that while some people have sought the killing of the pheasant at all seasons, for reasons of their destructive propensities, they consistently will not allow any outsider to assist them in keeping down this pernicious pest. No, Mr. Griffiths, I fear that you are standing on a rotten Methosin fence, which will one day break and let you down.

To conclude, I think I have heard that a favorite axiom of yours is "Near to nature, near to God." After you have destroyed all of God's wild creatures, what god will you look to?

AN INTERESTING FIND

To the Editor:—Your news item in last night's paper under the heading "Tree Markings Disclose Site of Old Camp," is misleading in that your reporter has evidently been confused between information he obtained from me over the phone and what he obtained from another source about a similar but totally different find.

The inscription we found on the tree at Quilcho Lake was written with red ink and is still remarkably fresh and legible in the lapse of over fifty years. It reads:

"C.P.R.S. Y Camp No. 7—July 24th, 1876. Moved Camp July 27th."

A sent post, he takes the draughtsman had cut his legs for his tale, and even the members of the cook's fire were close by. Dr. Dawson, of the Geological Survey, at that time exploring the Basin of the Blackwater River, and Nechako Rivers, states in the report for 1876: "July 23. Reached Tse-tse Lake and the main Blackwater and Salmon River Trail. Found a small cache of provisions and a mail left for us by Mr. C. Seymour on his way from Quilcho to the Salmon House with supplies. From this point we travelled westward seven miles by an Indian trail to Quilcho Lake, where we found the C.P.R.S. survey. From Y Division Camp I set out towards Port Fraser on August 7, reinforced by two axemen from Mr. Hunter's party, and some additional pack animals. The Indian Hunter told me the other day he well remember this visit to his camp of Dr. Dawson and his assistant Bowman. He was interested in hearing that a white old Indian at Algaicho, one of his pickers of fifty years ago, still talks of the en-

gineer in charge of Party Y as if the survey were one of yesterday.

The inscription, "Palmer Camp, 8," which in your article is wrongly given as being the one found at Mr. Joseph Hunter's old camp, has been in the Archives some eighteen months. It comes from the Bella Coola River and was cut from a rotten cottonwood tree. Although older, the fact of its preservation is not so remarkable as the letters were deeply cut into the tree with a knife instead of merely written with chalk. This inscription was made either by Lieut. H. Spencer Palmer, S.E., or one of his two assistants, Sappers Breakenridge or Edwards, about July 20, 1862. Lieut. Palmer was exploring for a feasible route for a road from the Coast to the Cariboo placer mines. This, of course, before the building of the old Cariboo Road.

Both this inscription and the one at Mr. Joseph Hunter's Camp were partly overgrown by six inches of new growth. In chopping through this to clear the inscription we counted in one case sixty-four rings of annual growth. In the other fifty, thus verifying the dates absolutely.

TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Daily Times, May 4, 1903

Cumberland, May 3.—A strike has been declared here. The men demand the reinstatement of union officers who, they say, are being kept out of work because of the position they hold. They state they have forced to strike to protect themselves.

An almost effortless game resulting in a well-earned victory for the home team, marked the opening of the baseball season for 1903 in Victoria on Saturday. Mount Angel College was defeated by a score of 3 to 1, which is a good indication of the character of the game. Smith, Ritner and Moore were heavy with the willow, making two hits. Holness pitched good ball for the local team, allowing only two hits.

Large numbers continue to go fishing every week. Good catches were made yesterday at Cowichan River and other points. There has been excellent sport at Sooke, and parties spending a day there have returned with a catch of as many as a hundred fish.

A large delegation from the city attended the ball given at the William Head Quarantine Station by Dr. and Mrs. A. T. Watt and quarantine officials.

The C.P.R. steamship Empress of China will be delayed at Vancouver on account of the belated English mails.

**No Taste but
Delicious Mint!**

Though it is really the most effective of laxatives, "Feen-a-mint" not only looks but also tastes like a delightful gum confection — refreshing, sugar-coated, fresh-mint flavored.

There is no taste at all of the safe, sure, non-habit-forming laxative agent, "phenolphthalein (yellow)." But it is there — and chewing assures its thorough mixing with the saliva. Hence the mild but complete laxative action of "Feen-a-mint."

Everybody likes "Feen-a-mint," all good druggists sell it and physicians recommend it. Try it yourself tonight or at any hour of the day when you suffer from intestinal irregularity.

Luxton

Luxton, May 4.—A meeting of the Methuen Farmers Institute has been called for Monday, May 7, and members are particularly requested to attend, as arrangements for the Fall Fair will be discussed.

CHILD HEALTH DAY IS MARKED

Colwood and Surrounding Districts Send Delegations of Children

Colwood, May 4.—The second annual Child Health Day was celebrated in Colwood Wednesday under the auspices of the Esquimalt Rural Nursing Service.

Excellent weather prevailed for the afternoon sports. All schools assembled at Colwood at 2 p.m., and joined in singing "O Canada," led by Frank Smedley, of Langford.

E. P. Ashe, president of the Esquimalt Rural Nursing Service, addressed the gathering, extending a welcome to the parents.

One of the prettiest events of the afternoon was the Maypole dance, which was admirably carried out by the Colwood School pupils.

Messrs. McKinnon and Shoemaker, of the Victoria Y.M.C.A., were the official starters, while C. Lendrum and P. Kitley acted as judges. The events included relay races, broad jump, high jump, pole vault, sack race, thread-the-needle, three-legged and wheelbarrow race.

The winners in the boys' sports competition of the afternoon was the Langford School team, with a grand total of seventy points, while the girls of the Colwood School were fortunate in winning the trophy in the girls' competition, having twenty-eight points.

During the afternoon tea was served in the Institute rooms by the members of the Colwood Women's Institute. Mrs. Harry Parker was the able convener, being assisted by Mesdames A.

and T. Godfrey, Murray, J. Goodall, Shields, Spencer and Millburn, while Mrs. Hopwood had charge of the ice cream distribution.

EVENING PROGRAMME

In the evening Colwood Hall was taxed to capacity, many districts being well represented, including visitors from Saanich and Victoria. E. P. Ashe acted as chairman, while the members of the executive were also present on the platform.

The opening number on the programme was a pianoforte solo by E. Lynn Smith, of Luxton, her selection being "Lilies of the Valley."

A limited time was then allotted to each school, Langford presenting the opening numbers. Frances Wale was exceedingly skillful in an acrobatic dance, and great credit should be given to the girls in the club drill, the following taking part: Frances Wale, Ruth Pearce, Margaret Smedley, Eileen Hincks, Elizabeth Welch, Georgina Cooney, Stella Hincks and Cecily Bennett.

In keeping with the theme of the day, a playlet "May Day in Health Land" was well presented, the cast being as follows:

Queen, Eileen Hincks; Court Jester, Rex Jackson; Herald, Tom Dixon; guards, Stanley Jackson and Hamish Bullen; Cook, Betty Cooney; Keeper of the Chimney, John Bullen; Keeper of the Grounds, Oswald Hincks; Keepers' Sons, Claude Hincks, Billy Pimlott; Carpenter, Howard Smedley; Mistress of Foundling, Victoria Wale; Night Watchman, Allan Jackson; flower girls, milkmaids and farmers, Alfred Dixon, James Duncan, Wilbur Pierce, Pat Cooney, Eileen Hincks, and Cook, Billy Ord, Margaret Broderick, Glenys Smedley, Marjorie Tonkin, and Ernest Foster.

CHILDREN PERFORM

Following Langford the next four items were well performed by pupils of the Albert Head School.

A wee pupil, Stella Pennington, age six, read some health mottoes. The minut was well done by Phyllis Deverson, Frank Spencer, Sheila Cawley and Walter Deverson.

The concluding numbers for Albert Head included a violin solo by Carrie Keevil and a Spring dance, "Narcissus," by Peggy Higgs. A short sketch entitled "Eating Milk," by the Happy Valley School pupils, contained some good advice for all present. The cast was as follows: Herald, Lawrence Rhoads; two girls discussing "Milk as a Food," Grete Hebben and Tena McLeod; "Junkies," Rita McLeod; "Creamed Vegetables," Esther; "Custard," Wilbur Rhode; "Cocoa," Edward Butt; "Creamed Soup," Shirley Smith; "Milk Shake," Catherine Hutchison; "Capitulation," Nell McKay.

FOLK DANCING

The folk dancing by the Colwood pupils received great applause. Those taking part in the doll dance were Doris Peatt, Lynn Piercy, Kathleen Goodall, Nancy Hill, Mildred Peatt, Joan Godfrey and Mel Brown. Jack Brown was an amusing storekeeper.

Other dances were: Russian sleigh dance, Irene Peatt, Gladys Robinson and Ina Brown; Dutch dance, Sybil Page and Freddie Buxton; Derby Page and Charlie Carnegie; Alaskan dance, Eleanor Peatt and Beryl Piercy; feiries' revel, Edith Walsh, Marian Furman, Doris Buxton and May Wishart. The concluding Colwood number was a Rozek dance (Moravian), ensemble.

A boxing bout by Billy and Freddie Buxton was watched with interest and applauded with enthusiasm.

Dr. D. Berman, superintendent of the Saanich Health Centre, addressed the meeting upon the advance made in recent years along health lines. He particularly urged the parents to guard the health of the child, stating the remedy for many ailments had been ably demonstrated to them earlier in the evening by the children themselves in the plays presented.

PRESENTATIONS MADE

The following presentations were then made:

The Mrs. Herbert Pendray Challenge Cup for girls, presented by Mrs. A. S. Burgess to Miss G. Hawkeswood for the Colwood School; the R. I. Van der Byl Challenge Cup for boys, presented by Mrs. Herbert Pendray to Mrs. Percy Welch for the Langford School; prizes for the best health poster were presented by Dr. H. E. Young to Ernest Meadows, Edith Walsh (Colwood) and Mary McKay (Happy Valley).

The prizes donated by Dr. Irene Barstow Hudson were presented by Dr. H. E. Young, for the best health essays, to Stella Hincks, of Langford School, and Wilbur Rhode, of Happy Valley School, who tied with ninety-five per cent. The junior award was won by Catherine Hutchison, of the Happy Valley School, who had ninety-eight per cent.

OFFICERS PRAISED

The Esquimalt Rural Nursing Service gives credit to Miss Meta Hodge, director of Junior Red Cross for British Columbia, and Miss Ethel Morrison, Public Health Nurse for Esquimalt, who acted as judges and critics and read each health essay submitted.

J. W. Gibson, of the Department of Education, and Miss Isbister, of the Normal School, acted as judges of the health posters.

The secretary, Mrs. C. Brown, made the announcement that the Dola Dunsmuir Trophy would be presented next year.

SPEAKERS OF PROGRESS

The concluding speaker of the evening was Dr. H. E. Young, chairman of the Provincial Board of Health, who stated he felt proud of the achievement of the Esquimalt Rural Nursing Service. This same progress was typical of British Columbia as a whole, he declared. Six years ago there was one Public Health nurse in the Province, whereas to-day there were forty-two Public Health and School Nurses, he said.

During the evening grateful acknowledgment was made for donations received from Mrs. J. Dunsmuir, C. E. Whitney-Griffiths and C. H. O'Halloran.

Keating

Keating, May 4.—The United Church young people held their bi-monthly meeting in the church on Tuesday evening, the president, Albert Hafer, in the chair. Although the attendance was not as large as usual an interesting evening was spent in discussing young people's work. After a general discussion a committee composed of Misses Christie MacNab, Margaret Mitchell, Alma Heyer and Albert Hafer were appointed to arrange and appoint conveners to carry on a four-fold programme, including worship, study, service and recreation with weekly meetings commencing in September.

The president announced that the lumber, wiring and net for the tennis court had been purchased. The members are all requested to be on hand at the church on Saturday afternoon.

CANADIAN FOREST WEEK, 1928

Forest loss by fire is total waste. Industrial depletion can be replaced by yearly growth and reforestation. Care in starting and extinguishing fire would almost entirely prevent this waste of a heritage of which we are but trustees for generations of Canadians yet unborn.—Hon. R. B. Bennett, Leader of the Opposition.

May 5, when a "bee" will be held to clear the court of weeds and to erect the guards, so that some play may be enjoyed this season. Refreshments were served after the meeting.

The Keating Basketball Club completed the Winter season activities with a business meeting held at the home of Mr. and Mrs. Walter Bate, Central Saanich Road.

The report of the secretary, including the financial statement, as given by Norman Lanner, proved very gratifying. Plans were discussed for Summer recreation and a committee was appointed to make arrangements for the annual picnic. It was also suggested that the club hold several dances during the Summer. The hostess served dainty refreshments after the business meeting and a social time was enjoyed.

Ms. Princess Kathleen takes an excursion to Seattle Saturday, May 12, leaving at 9 a.m.

FOX RANCH TO LOSE LICENSE

A. V. Lang to Cease Keeping Foxes in Carey Road Back Yard

Operation of a fox farm by A. V. Lang, on Carey Road, must cease before November 1, the Saanich Council last night decided. Mr. Lang will be given six months' time in which to remove his foxes to another location, as his license to keep the animals in the backyard of his home on Carey Road will be cancelled on November 1.

At last night's session of the Council evidence given last week, at the informal inquiry, was reviewed by the councillors.

Assured by the municipal solicitors that no suit for damages could be maintained against the council after public hearings had been held, the councillors unanimously decided that Mr. Lang would have to abandon operation of a fox farm in the closely settled Carey Road district.

Sooke

Sooke, May 4.—Mr. and Mrs. Albert Wilson entertained their friends at a delightful party on the anniversary of their wedding day yesterday. Card and other games were played.

When the refreshments were served Mr. and Mrs. Wilson were assisted by Mr. Scott in cutting the big cake. Those present were Mr. and Mrs. Felix Norton, Mr. and Mrs. W. Dietz, Mr. and Mrs. Scott of Victoria, Mr. and Mrs. Bert Acreman, Mr. and Mrs. G. Jones, Mr. and Mrs. H. Page, Mr. and Mrs. E. Horewood, Mr. and Mrs. J. Forest, Mr. and Mrs. McBeth of Victoria, Mr. and Mrs. Grey and Mr. and Mrs. B. Wande.

CONSERVATIVES ENJOY SOCIAL

Sidney, May 4.—Sidney, May 4.—On Tuesday evening the Salt Spring Island Conservative Association brought to a close its series of social evenings, which have been held during the Winter months throughout the Gulf Islands, with one of the most successful meetings ever held in the hall at Fulford Harbor. Old-timers as well as newcomers from all parts of the Island and Sidney gathered and enjoyed the evening's programme.

Speakers for the evening were Joshua Hinchliffe, M.P.P.; C. F. Davis, M.P.P.; and Col. C. W. Peck, V.C. M.P.P. The meeting was called to order by the chairman, Mr. W. J. L. Hamilton, who, after a few remarks, called on Col. Peck.

work of the Legislature and touching at length on the different planks of the Liberal platform since the election in 1916, Col. Peck closed his address with a few remarks on the aims of the Conservative Party.

Taxation in the Province was discussed by Mr. Davis. Mr. Davis spoke briefly on the work and character of Hon. S. F. Tolmie, Conservative leader.

Mr. Hinchliffe talked on the debt of the Province and taxation. The speakers, who received hearty applause, were accompanied on the platform by George T. Mitchell, G. Sparin, A. Calvert, W. H. F. Pollok, H. Caldwell and Major Turner. The meeting closed with the singing of the National Anthem, after which the guests adjourned to the dining-room and enjoyed refreshments.

The remainder of the evening was spent in dancing, music being supplied by Eaton's three-piece orchestra.

KATE CONFERENCE FAILS

Cincinnati, May 4.—The peace parley between northern and southern coal operators and their allied railroads, summoned here to settle the four-year-old dispute over freight rates on coal for lake shipment, broke up in disagreement yesterday. The northern coal producers flatly refused a proposal of the northern railroads that a differential of 35 to 38 cents be established in favor of coal mined north of the Ohio River.

Local Clubs Enter Connaught Cup Series

Thistles and Combined West-Esquamalt Eleven Seek Dominion Honors

Two Strengthened Local Elevens Will Compete in Series To Decide Canadian Football Championship; Draw Will Be Made About May 19; Combination Cup Final Carded for To-morrow; Local Juniors to Oppose Vancouver in the Provincial Cup Final

Two Victoria soccer teams, the Saanich Thistles, First Division champions, and a combined Victoria West-Esquamalt eleven, have entered in the Connaught Cup series, which determines the Dominion soccer championship, according to information obtained this morning.

These two clubs will be exceptionally strong and should be able to go quite a way in this series, which operates on the knockout system. A team once meeting defeat drops out of the competition. It is not expected that the Five C's will enter the series, and this is just as well, as two teams from Victoria will be quite enough. With two teams entered, they will be able to strengthen with the best of the players from the other two clubs of the First Division or the Wednesday League if necessary.

WEAR WESTS' COLORS

The West-Esquamalt team will play under the name of Esquamalt and wear the colors of the Wests. With the best of the players of these clubs molded into one a very fine team will be fielded.

Dr. Poyntz, manager of the Wests, stated this morning the team would be announced soon and will start immediately to get into shape for the coming series. Some hard practices are planned and the team will be in the best possible condition when the time comes for the playing of their first game.

GET EXPERIENCED MEN

The Saanich Thistles will also strengthen up for this series. They have a good team, but plan to include several experienced men to balance up the club.

The Connaught Cup series is handled throughout the Province by the British Columbia Football Association. They call for entries and make the draw. It is expected the draw will be made about May 19, when the final of the Province Cup series is scheduled. Each province handles its own play-offs in the series. Then follows the inter-provincial series, until the western and eastern champions are determined, when they play-off for the Dominion title.

A double attraction will be offered soccer fans at the Royal Athletic Club to-morrow afternoon. In the senior fixture the Victoria Wests and Saanich Thistles will meet in the final game of the Combination Cup. This will be followed by a juvenile Provincial Cup final between the Five C's, of Victoria, from Division Three, and the Northern Lights, of Vancouver.

The senior game will start at 2:45 o'clock, and the juvenile game at 4:15 o'clock.

The Victoria West team will be as follows: Passmore, Godwin, Allen, Thomas, Pedra, Popham, Connorton, Brown, Plump, Robinson and Mulcahy.

MRS. DUNCAN IS DUNCAN WINNER

Women at Duncan Stage Golf Competition and Match With Nanaimo

Duncan, May 4.—Mrs. K. F. Duncan was the winner of the monthly match played by the ladies of the Cowichan Golf Club on Wednesday. Her score was gross 103, handicap 24, net 79. Mrs. W. B. Harper was second, and others competing were Mesdames A. C. Johnson, B. Boyd Wallis, W. M. Macmillan, M. M. White, M. K. Macmillan, G. de Labilliere, W. Morton, Miss Bond and Miss S. Kennington.

In the return match between Nanaimo and Cowichan played on the links in Duncan on Monday the home team were successful by 24 points to 12. The scores with the Nanaimo players mentioned first, were as follows:

Defends Her Title

Fontainebleau, France, May 4.—Miss Simone Tison de La Chaux successfully defended her French women's golf championship yesterday by defeating Miss Sybil Edmond in the final 18 to 10 to play.

GAINS A DRAW

Tacoma, May 4.—Pete Miller, Tacoma featherweight, making his debut in the main event, battled Benny Pez of Portland to a draw dividing the six-round top bout of the ring card here last night. The match was fast with the verdict dividing the house.

Victoria City Suspended from Local Football

Following an investigation regarding the handling of certain gate moneys the Victoria City club of the First Division has been suspended indefinitely according to information given out to-day.

The suspension was handed out by the Lower Island Association and will not be lifted until a specified sum of money has been returned to that organization.

The investigation followed the recent Jackson Cup game between Victoria City and Esquamalt.

PICK OFFICIALS TO LOOK AFTER OLYMPIC SQUAD

Chaperones, Managers and Captains of Men's and Women's Teams Announced

Marathon Team Will Consist of Six Runners; Boxing Finals in Montreal

Toronto, May 4.—Considerable progress was made here yesterday by the Canadian Olympic committee, meeting to make arrangements for the trip to Amsterdam, where Canadian athletes in practically every line of athletics will compete at the 1928 Olympiad.

A number of appointments were made regarding the Canadian Olympic team. Dr. A. S. Lamb, of Montreal, who is manager of the team, will sail two weeks in advance, so as to have everything in readiness for the athletes when they arrive in Amsterdam.

BOBBIE KERR, CAPTAIN
Professor T. London, of the University of Toronto, was appointed associate manager, and he will take charge of the team upon Dr. Lamb's departure for Europe. Bobbie Kerr, of Hamilton, winner of the 200 metres at the 1908 Olympics, will act as captain of the track and field team. Fred Nobert, of this city, will be in charge of the boxing and wrestling.

A special committee composed of P. J. Mulqueen and Len Smith was selected to make arrangements regarding the Olympic committee. The committee will likely make a donation to the fund that is now being raised in New Westminster to defray the expenses of the team from that city.

CHAPERONS FOR GIRLS
Miss Marie Parkes, of University of Toronto, was appointed chaperon of the ladies athletic team, and Miss Alice Gibb, of this city, will be manager.

Montreal was awarded the boxing and wrestling trials, which will be held in the Forum in that city on July 14 and 16 and the successful competitors will sail on July 18 along with the lacrosse team, one week after the main body departs.

SIX MARATHONERS
The marathon team is authorized to select two additional marathoners bringing the total up to six, provided that the expenses of the extra two were financed by other than the Olympic committee. The selection of the two will be made from Billy Reynolds, of Galt; Frank Hughes, of Hamilton, and Silas McInnis, of No. 1, N.S.

The track and field selection committee will be composed of M. M. Robinson, Hamilton, chairman; Fred Marples, Winnipeg; E. Bourdon, Montreal; J. H. Crocker, Toronto; and Robert Kerr, Hamilton.

The boxing and wrestling selection committee is composed of C. E. Higginbottom, Toronto, chairman; L. E. McTavish, Montreal; F. J. Nobert, Toronto; John Leslie, Edmonton; George McBeth, Winnipeg; Major Stewart Forbes, Montreal; and Major Long, Montreal.

St. Princes Kathleen takes an excursion to Seattle, Saturday, May 12, leaving at 9 a.m.

To Make Third Attempt To Lift British Women's Golf Laurels

GLENNA COLLETT

London, May 4.—Glenna Collett, twice women's golf champion of the United States, set foot on English soil yesterday for her third British title hunt, with a look of grim determination on her face.

She became serious when she was informed at Plymouth that she must meet one of her toughest rivals, the titleholder, Miss Simone Thion de La Chaux, in the opening round of the British championship.

"The draw at least settles my plans for me," Miss Collett said. "I'm going to practice, practice from now until May 14, until I'm in tip-top form."

The long-hitting Glenna has not swung a club in golf competition for three weeks and faces an additional task of becoming accustomed to a wood shafted driver, instead of the steel shaft she has been using, since steel shafts are not permitted here.

"Bunion Derby" To Be Completed Says Pyle

Lawyers Have Hounded Promoter of Transcontinental Derby From Start, But He Will Keep Faith With Men Who Have Plodded 2,300 Miles and Will Take Them to New York; Fifty-eight-mile Lap, Longest So Far, Ahead of Runners To-day

Pontiac, Ill., May 4.—This was "Der Tag" for the "iron men" and walkers in the transcontinental "bunion derby." The most distant control since the race began at Los Angeles sixty-two days ago faced the cross-country runners to-day, a fifty-eight-mile stretch from Pontiac to Joliet, Ill. The Danby-Needles, Cal., lap of fifty-seven miles was the former record lap.

Peter Gavuzzi, of Southampton, England, still leads the field of seventy-one runners with a total lap time of 376:21.52 for the 2,300 miles. Five hours 19 minutes 36 seconds behind him was Andrew Payne, Claremore, Okla., youthful holder of second place.

John Salo, of Passaic, N.J., retained third place with 412:38.22, followed by Phil Granville, Hamilton, Ont., with 417:23.14.

CRONICK DROPS BACK
John Cronick, Saskatoon, second of the eight Canadian contenders, dropped from ninth to tenth place on yesterday's thirty-four-mile lap from Normal, Ill., to Pontiac, his lap time being 438:33.33.

While lawyers have been bothering C. C. Pyle, promoter of the derby, and his assistant, Harold "Red" Grange, almost incessantly since the race started, the two asserted nothing would stop the race from being successfully concluded at New York.

LITTLE FIRE
"Lots of smoke and little fire," Grange remarked last night. "But we are going to keep faith with the runners who have braved the elements for 2,300 miles."

The elapsed time of the other leaders is as follows:
Mike Joyce, Cleveland, 427:33.20.
Edgar Gardner, Seattle, 428:42.57.
W. Kerr, Minneapolis, 429:48.19.
G. Umek, Trieste, Italy, 433:46.18.
Louis Perella, Albany, 437:56.41.
John Cronick, Saskatoon, Sask., 438:33.33.

WINS SNOOKER MATCH
Winnipeg, May 4.—C. Pollock of Edmonton, western champion, last night defeated A. Ferguson of Winnipeg, Manitoba titleholder, in the semi-final of the Dominion amateur snooker championship.

The score was five games to one. Pollock will meet C. O'Donnell of Toronto in the final series Friday night.

Sarazen Shoots Best Round In Day's Practice

Sandwich, Eng., May 4.—Gene Sarazen, Flushing, L.I., pro, had the best round of the American golfers who practiced to-day over the Royal St. George's course for the British open championship next week.

The former open champion of the United States, playing with Walter Hagen and George Duncan, former British champions, went around in 71. He was out in a sparkling 34, but required 37 to get home.

RISKO LOOMS UP AS NEXT MAN TO FIGHT SHARKEY

Baker Boy Has Whipped "Silent Sailor" But Another Fight in Making

Vic Foley in Montreal For Scrap With Roy; Belanger to Meet Schwartz

New York, May 4.—A return match between Johnny Risko, Cleveland baker boy, and Jack Sharkey, who bowled Jack Delaney over in a single round, Monday night, loomed to-day as Tex Rickard left New York for a few days in Boston.

He admitted that he hoped to sign the "silent sailor" for a bout with Risko at a local ball yard either on June 21 or 28.

Risko whipped Sharkey in fifteen rounds here during the winter heavy-weight elimination tournament.

Montreal, May 4.—Following a rest up on Wednesday, Vic Foley, Vancouver, who will battle Leo (Kid) Roy for the Canadian featherweight championship here next Wednesday, resumed training work last night. He boxed ten rounds, with two sparring partners.

Toronto, May 4.—A bout between Frenchy Belanger, of Montreal, and Corporal Izzy Schwartz, New York, for the New York State Athletic Commission's world flyweight title, has been arranged for June 1 at Coney Island, N.Y.

Prince Rupert, May 4.—Jimmy McDonald, Vancouver, was given a decision over Alf Harding, of Calgary, at the end of a ten-round boxing bout here last night.

Y.M.C.A. WIN INTERCLUB GALA

Defeat V.A.S.C. By Four Points After Splendid Sport at Crystal Garden

By the narrow margin of four points the Y.M.C.A. swimmers and divers defeated their rivals from the V.A.S.C. in the second of the interclub gala staged at the Crystal Garden pool last night. The final score was Y.M.C.A. 78, V.A.S.C. 74. In the first gala between these clubs the V.A.S.C. won by a close margin.

The winner of last night's gala was in doubt until practically the last event had been run off. All the way through the teams saw-sawed in the lead.

At the end of the tenth event the "Y" took the lead but at the fourteenth the V.A.S.C. won only four points behind with the two relay races to be run. As was expected, the Y.M.C.A. won the women's event and the V.A.S.C. the men's.

The results were as follows:

McGraw Signs For Two Instead of Five Years As Leader of New York

Thinks He May Want to Retire in 1930 or That the Gotham Fans May Have Had Plenty of Him by Then, So He Refuses Five-year Contract Submitted by Club Yesterday; Cohen, Sensational Jewish Second Baseman, Ill; Rhem Pitches St. Louis to Win Over Cincinnati; Athletics Lose

Although idle for the day, the New York Giants provided more than their share of the daily gist of baseball news at Cincinnati, where they open a series with the Reds to-day.

The most important announcement was that John McGraw had agreed to manage the club for two more years and longer if he so desires. Charles A. Stoneham, president of the club, said he had offered McGraw a five-year contract, but McGraw turned it down. Now fifty-five years old, McGraw said he wanted to leave himself free to retire after the seasons of 1929 and 1930 should he so desire.

"I may want to quit or New York may be tired of McGraw after twenty-eight years," he explained.

COHEN HAS 'FLU'
Andy Cohen, sensational Jewish second-baseman, joined the Giants' long hospital list. He is suffering from influenza and has a high fever.

The east has won the first inter-sectional struggle of the current National League pennant chase.

Getting the jump on the rest of the field on the first invasion of the West, the Boston Braves defeated Pittsburgh Pirates yesterday 5-4 in eleven innings. Ray Kremer gave up ten hits against a dozen his teammates garnered off Brandt, but the Braves got their quota at opportune times. A couple of costly errors by Farrell allowed the Pirates to score two runs and forced the game into extra innings.

RHEM PITCHES WELL
Good pitching by Flint Rhem enabled the St. Louis Cardinals to end their four-game losing streak at the expense of the Cincinnati Reds, 7-5, at St. Louis. Rhem kept the Reds to nine hits—one a homer by Walker—scattered enough to prevent Cincinnati from overcoming a five-run lead the Cardinals had piled up off Rhem in the first two innings.

All other National League Clubs had an open date, as did six of the American League brethren.

ATHLETICS BEATEN
The one American League contest saw the Philadelphia Athletics seven-game winning streak halted by Ed Morris, recruit right-hander, and the Boston Red Sox won 3-1. In the seventh Cobb doubled and eventually scored his team's only run. Flagstead was Boston's defensive and offensive star. He captured six flies in the outfield, got two hits, walked once and scored two runs.

The world's champion Yankees went to West Point and beat the Army 20-9. Yesterday's results were:

West Point, New York, N.Y., May 4.—The New York Yanks hammered five army pitchers hard yesterday and won their annual game at West Point, 20 to 9. Babe Ruth failed to make a home run, but nevertheless gave the cadets a good show. He played first base, scored two hits and lifted some of the highest pop-flys ever seen in this vicinity.

Loughran Draws So Small House Bout Had to Be Wiped Out
Miami, Fla., May 4.—A scheduled bout between Tommy Loughran, light heavyweight champion, and Tex McEwen, Oklawaha, Ont., heavyweight, was cancelled last night because of poor attendance. Less than \$500 worth of tickets were sold and the entire card was cancelled.

Paris, May 4.—Helen Wills to-day had shaken off a cold and a light attack of bronchitis. She said this morning that she would go to Scotland for tennis matches as intended, either Monday or Tuesday.

Want Rangers to Play Series For "World's" Soccer Championship
New York, May 4.—The New York Nationals, recent winners of the U.S. soccer championship, yesterday challenged the Glasgow Rangers, winners of the Scottish League and the Scottish Cup, to a series of games in New York for the "world's" championship.

Rangers, who are to arrive in Canada at the end of May, are scheduled to play eight games on the continent, but none is scheduled for Manhattan. In the Dominion the Rangers will be seen in Toronto and Montreal.

Vancouver Girls To Meet Harmony At "Y" To-morrow

The last basketball game of the season will be played at the Y.M.C.A. to-morrow night between the Y.W.C.A. girls of Vancouver and the First United Harmony. The girls won the city Sunday school honors this year, but were noosed out by Nanaimo for island honors by one point.
The Y.W.C.A. team finished well up in the Vancouver League. They will arrive in Victoria on Saturday afternoon's boat.
A preliminary boys' game will start at 8 o'clock. The girls' game will commence at 9 o'clock. The Harmony team will be strengthened by the inclusion of Bona Macmurchie.

SEATTLE JUDGE ON WOMEN AS VOTERS

Claims No Legislation of Any Moment Due to Women's Influence

Vancouver, May 4.—"I still believe the primary function of women is to bear the children of the race and maintain the home," Judge King Dykeman, president of Seattle Kiwanis, told the Vancouver Kiwanis Club at the ladies luncheon in the lower dining-room of the Hotel Vancouver on Thursday.

"Any voluntary betrayal of this duty on the part of a woman is a betrayal of the race," he said, "and it is a betrayal of the future of the world."

The speaker closed with a tribute to women in their proper spheres.

SEATTLE GARDEN CLUB PAYS VISIT

Party of Nearly Fifty Enjoys Two-day Tour of Local Gardens

Nearly forty members of the Seattle Garden Club left for their home in the Sound City this afternoon after a visit to some of the outstanding gardens in Victoria and district.

The party arrived yesterday, the majority on the C.P.R. boat, others the private yacht, and on arrival were greeted by Mr. and Mrs. Fred Pemberton and Major and Mrs. H. Outhbert Holmes, who were responsible for the invitation.

The visitors included Mr. D. M. Merrill, president of the Seattle Garden Club, and Mrs. Merrill; Mr. S. S. Cross, William P. Trimble, all of whom are guests at the Beach Hotel, Oak Bay; Mr. and Mrs. Carl Gould, guests of Mr. and Mrs. Alexander, and Mrs. Milburn, Mrs. H. F. Alexander, Mrs. Douglas, Mrs. Fraser and Mrs. Elbridge.

The first visit yesterday was made to "Mountjoy" and then on to the beautiful gardens of Mr. and Mrs. Harry A. Ross, Runtymede Avenue, Lady Barnard, who arrived the party at tea later at "Cleavelly" where the gardens were much admired. Dinner was served at the Beach Hotel after which the visitors were entertained at bridge.

This morning the whole party went first to Mrs. Beaven's Garden at Beach Drive, and then out to "Benvenuto," Toot Inlet, just now lovely with its tulips, primulas and poppies. Spring flowers were in full bloom and the visitors, Mrs. Harry Ross acting as hostess in the absence of her parents, Mr. and Mrs. R. P. Butchart, on "Rockway" back a halt was made at "Rockhome," where Mr. J. Hutchison showed them his unique collection of Alpine and rock plants, this completing their interesting tour.

It is hoped that this visit will be the forerunner of similar exchanges between garden-lovers of this city and Seattle, and that as an outcome a Garden Club will be formed here.

I.O.D.E. Does Good Work in India

At a meeting of the executive committee of the National Chapter of the Imperial Order Daughters of the East, held recently in Toronto, the National president, Miss R. M. Church, in the chair, an interesting feature was an illuminating and inspiring address by Miss Beulah McMurchie, who has just returned from India on the work of the order in that populous section of the Empire.

Under the capable and inspiring leadership of Miss Sorabi, has been in existence for many years. The splendid philanthropic work of the order, educational work was specially commended and the speaker paid a glowing tribute to the order for its idealism that is so evident in many departments of public service.

The members were very gratified to learn that Miss Loring, former National educational secretary, had the privilege of attending the annual meeting of the National Chapter in Bermuda, and was interested to learn of the progress of the order along educational lines.

The final arrangements for the National annual meeting were completed, and it was announced that a supplementary meeting of the National executive committee will be held on May 15.

Daughters of Pity Plan Silver Tea

The Daughters of Pity will hold a silver tea to-morrow afternoon at Cherry Bank, Quadra Street, at the kind invitation of Mrs. H. Currie, to raise funds for the benevolent work of the children's ward at the Jubilee Hospital.

A delicious tea will be served, and in addition to a musical program there will be a raffle, and a novelty booth selling home-made candy for sale. Anyone interested in the welfare of sick children is cordially invited to attend.

BEAUTY How and Why

By ANN ALYSIS

Now that we have looked into our mouths and found how nature has colored the teeth in varying tints and shades of pearl to match our varying complexions, we shall proceed to consider of ways and means to preserve these jewels in all their lustrous beauty.

The dentifrices used at present are of three kinds, pastes, powders and liquids. All forms are on the market in infinite variety.

Chalk, pumice stone, cuttlefish bone, magnesian carbonate and white castile soap are the cleansing and polishing ingredients usually selected for tooth powders. Not all appear in any one powder. To whatever cleaners have been chosen, aromatic oils, such as peppermint or wintergreen, or a fragrant powder, such as rose or sandalwood, are then thoroughly mixed.

By the addition of glycerine, honey or simple syrup to a tooth powder, the tooth paste is made. In addition, most pastes contain powdered soap.

HAVALA TO PICK BEAUTY AT GALA

Galveston, Texas, May 4.—The night of May 31 will be a gala occasion in Havana, Cuba. For the beautiful garden of the Hotel Plaza, which is known to virtually everyone who has made a trip to that picturesque metropolis of the Caribbean, which is described as the Paris of the Western Hemisphere, will scintillate in the reflected glory of visiting beauties from all of Europe, gathered there to witness the selection of "Miss Cuba" and bring her with them to Galveston.

If last year is any criterion, the roof will be crowded to capacity with a host of guests, including the elite of Havana and notable visitors, while the streets below will be packed by a milling crowd of Cubans and visitors eagerly awaiting the verdict of the judges and the appearance of the girl who will represent Cuba at the Third International Pageant of Pueritudo and Ninth Annual Bathing Girl Revue here June 2 to 5, inclusive.

Fausto Simon, manager of the Hotel Plaza, is conducting the contest to place the night of the arrival in Cuba of the French Line steamship Cuba, complete in Galveston, a super-spectacle, with domestic entries from half the states in the United States and a score of large American cities.

"Many registers for Galveston Beauty Pageant," reads a headline in a recent issue of The Havana Morning Post, from which the following clipping was taken. It is the subject of the contest now being conducted in Havana:

"Candidates for the title of Miss Havana in the coming season are being applied to by a large number of girls from all over the island, and the contest will be held in the annual International contest of pueritudo, which, during the past decade, has become one of the leading social events of the city."

The choice of Cuba's representative will be made by a jury of local artists and newspapermen at a banquet on the Plaza Rotonda, which will be tendered by the hotel management to European beauties who will arrive here May 31 on the liner Cuba en route to Galveston. During their stay in Havana, the Old World beauties will be guests at the Hotel Plaza, and when they leave for Galveston, Miss Cuba will accompany them."

SEATTLE GARDEN CLUB PAYS VISIT

Party of Nearly Fifty Enjoys Two-day Tour of Local Gardens

Nearly forty members of the Seattle Garden Club left for their home in the Sound City this afternoon after a visit to some of the outstanding gardens in Victoria and district.

The party arrived yesterday, the majority on the C.P.R. boat, others the private yacht, and on arrival were greeted by Mr. and Mrs. Fred Pemberton and Major and Mrs. H. Outhbert Holmes, who were responsible for the invitation.

The visitors included Mr. D. M. Merrill, president of the Seattle Garden Club, and Mrs. Merrill; Mr. S. S. Cross, William P. Trimble, all of whom are guests at the Beach Hotel, Oak Bay; Mr. and Mrs. Carl Gould, guests of Mr. and Mrs. Alexander, and Mrs. Milburn, Mrs. H. F. Alexander, Mrs. Douglas, Mrs. Fraser and Mrs. Elbridge.

The first visit yesterday was made to "Mountjoy" and then on to the beautiful gardens of Mr. and Mrs. Harry A. Ross, Runtymede Avenue, Lady Barnard, who arrived the party at tea later at "Cleavelly" where the gardens were much admired. Dinner was served at the Beach Hotel after which the visitors were entertained at bridge.

This morning the whole party went first to Mrs. Beaven's Garden at Beach Drive, and then out to "Benvenuto," Toot Inlet, just now lovely with its tulips, primulas and poppies. Spring flowers were in full bloom and the visitors, Mrs. Harry Ross acting as hostess in the absence of her parents, Mr. and Mrs. R. P. Butchart, on "Rockway" back a halt was made at "Rockhome," where Mr. J. Hutchison showed them his unique collection of Alpine and rock plants, this completing their interesting tour.

It is hoped that this visit will be the forerunner of similar exchanges between garden-lovers of this city and Seattle, and that as an outcome a Garden Club will be formed here.

I.O.D.E. Does Good Work in India

At a meeting of the executive committee of the National Chapter of the Imperial Order Daughters of the East, held recently in Toronto, the National president, Miss R. M. Church, in the chair, an interesting feature was an illuminating and inspiring address by Miss Beulah McMurchie, who has just returned from India on the work of the order in that populous section of the Empire.

Under the capable and inspiring leadership of Miss Sorabi, has been in existence for many years. The splendid philanthropic work of the order, educational work was specially commended and the speaker paid a glowing tribute to the order for its idealism that is so evident in many departments of public service.

The members were very gratified to learn that Miss Loring, former National educational secretary, had the privilege of attending the annual meeting of the National Chapter in Bermuda, and was interested to learn of the progress of the order along educational lines.

The final arrangements for the National annual meeting were completed, and it was announced that a supplementary meeting of the National executive committee will be held on May 15.

Sketch Club Meets—The Sketch Club of the Island Arts and Crafts held an interesting meeting in the club rooms on Tuesday when Miss Gladys Woodward was elected convener for the sketch meetings each week, succeeding Mrs. W. A. Willis, who was warmly thanked for her happy arrangements during the past two years. An invitation was received from Mrs. Hugo Beaven, 1176 Beach Drive, to spend next Tuesday afternoon sketching in her garden. Members will therefore meet at the accustomed hour at this well-known beauty spot.

Building permits issued at the city hall for the five days of the current week to date call for new construction valued at \$50,508. The largest individual permit is that to cover the erection of a handsome new apartment house on Burdett Avenue, for Moxam & Tod Limited, and in which the estimated cost of the work is \$40,000.

NEWS IN BRIEF

For driving his car without a muffler, Percy F. Cliff, Burnside Road, paid a fine of \$5 in the city Police Court this morning.

Members of Court Triumph, A.O.F., will meet this evening at 8 o'clock in the A.O.P. Hall, Cormorant Street. General business will be transacted.

The office of the Corporation of B.C. Land Surveyors has been moved from 303 Times Building, to Suite 14, Arcade Building, with telephone 8490.

Pleading guilty to a charge of driving his car to the common danger on Esquimalt Road, on May 1, Fred E. Guest was fined \$25 in the Esquimalt Police Court yesterday afternoon.

The regular monthly meeting of Lake Hill Community Centre will be held in the hall to-night at 8 o'clock. It is hoped there will be good attendance of members present.

This evening at 8 o'clock the Christian and Missionary Alliance will hold its meeting in the newly-purchased King's Hall, Yates Street. Rev. Mr. Walker will deliver a stirring message.

James Mann of McDowell & Mann, Art Dowell of Dowell Bros. Limited, and N. Gurney Randall of Brown Bros. and Allan, were welcomed as new members of the Junior Chamber of Commerce last night.

Regular meetings of the Junior Chamber of Commerce will be discontinued during June, July and August, it was decided last night. Meetings will be arranged at the call of the chair.

Charged with failing to keep the chimney of his house clean, J. A. Lucas, proprietor of Manitoba Hotel, paid a fine of \$20 in the City Police Court this morning. The charge followed a chimney fire at the hotel on April 30.

Convicted on a statutory offence, John C. Hunter, alias V. Lunn, a transient, was sentenced to six months' imprisonment by Magistrate Jay in the City Police Court this morning. The accused pleaded not guilty to the charge.

At a meeting of the transfer committee of the United Church of Canada, held in Toronto, the Rev. R. W. Lee, of this city, was transferred to the Hamilton Conference, and Rev. Mr. Anderson, of Port-Hope, to the British Columbia Conference.

Amalgamation of the Home Products Fair and the Spring Flower Show in future years is sought by the Chamber of Commerce. At a meeting of the directors to-day it was decided to exhibit at these exhibitions should be approached with a recommendation that this be accomplished.

Under the auspices of the Christ Church Cathedral Branch W.A., the Ven. Archdeacon Laycock will give an address on the fourth series of the "World Call," entitled "Our Kith and Kin," on May 7 at 3 p.m. in the auditorium of the Memorial Hall. The meeting is open to all interested in the subject.

An appeal for discarded musical instruments and gramophone records for the use of deep-sea sailors is made by the Connaught Seamen's Institute. The institute is "a home from home" for the seamen who come here from all the ports of the globe, and nothing gives the men more pleasure than music. Anyone having such articles for which they have no further use will earn the warmest gratitude of these seafaring men by sending such gifts to the institute.

The Saanich Health Centre will be granted \$4,000 by the Rockefeller Institute during the present year. The Saanich Council was last night informed by Dr. H. E. Young, secretary of the Provincial Board of Health, that the grant was accorded last summer upon the understanding that Saanich should employ a full time medical officer. In 1927 the Rockefeller Institute paid \$1,333 for the four months from September to December. It is expected that the subvention will continue for two years.

To provide funds required next summer to redeem large issues of Saanich securities, the Saanich Council last night ratified an arrangement with A. E. Ames & Company Limited, whereby long term issues, worth \$23,497 at current market quotations, are exchanged for securities maturing July and September, 1929, and valued at \$23,405. The difference of \$91.99 is paid in cash, and Saanich obtains an interim yield of 4.75 per cent. This operation is the second of a series required to provide over \$500,000 in cash by October 15.

OBITUARY

REALTORS SEE PROSPERITY

New and Retiring Presidents of Local Board Optimistic

Major H. Cuthbert Holmes to-day took the presidential seat at the annual meeting of the Victoria Real Estate Board and among the leading architects had united with the realtors as associate members, said Major Holmes. He was glad of this since the interests of each were tied up with the other.

Major Holmes thanked Mr. Wolfenden at the outset for his capable manner in which he had led the board through the year, and realized, he said, that had the last president been willing to remain in office this year would undoubtedly have been even more productive than 1927.

GLAD OF UNION

It was a matter for comment and satisfaction, that the bank managers of Victoria and many of the leading architects had united with the realtors as associate members, said Major Holmes. He was glad of this since the interests of each were tied up with the other.

ANNUAL REPORT

Mr. Wolfenden read his annual report of the activities of the board which is as follows:

Generally speaking, I think it is agreed that the year 1927-1928 has been an improvement over the previous year. Sales of real estate have been more numerous, and building permits show a huge increase both in number and value, and the prospects for the coming year look even brighter still. There is a more optimistic feeling, and confidence, and throughout the country are such that I think we might reasonably expect good times for the next five or six years. Mr. Wolfenden said.

SPHERE OF ACTIVITIES

"Following are some of the important matters dealt with by your board during the year:

"Grain Elevator—The board gave its support to the by-law, and the building of the elevator is under way. "Zoning By-law—The board gave its support to this measure, which is turning out a success.

"National Convention at Seattle—A number of your members, including the president, attended the convention which was held in Seattle in August last, and one member, Alfred Carmichael, excelled himself in the five-minute cup contest.

"Associate Members—We were pleased to admit as associate members the local managers of the bank, including the "Signs By-law, Oak Bay—Although not altogether agreeing with the by-law, your board gave its approval, after having suggested certain amendments.

"Notaries Public Act, where by notaries who had failed to register by September 7 last would be given one more chance.

"Scale of Charges—During the year a new "scale of charges" was drawn up by a special committee, it was approved by the board and is now in operation.

"City Land Office—Your board signified its approval to the removal of the city land department to a new office, as it felt that every opportunity should be given the city to dispose of its properties.

"Portland Midwinter Conference—A number of your members attended the midwinter conference, of the Pacific Northwest Realty Association, held in Portland in January last, and upon their return last summer reported to the board. As an outcome of these reports a number of local architects have joined the board as associate members.

"Publicity Bureau—It is gratifying to the board that one of its members, David Leeming has been elected president of the Publicity Bureau, which was previously held by R. B. Ker, another member of the board.

"Northwest Convention—Probably the most important work requiring the board's attention this year was the connection with the convention, which is to be held in this city in July next. Various committees have been appointed and are already at work. I am satisfied they will make one of the most successful conventions ever held in the Pacific Northwest.

THANKS SECRETARY

"In closing, I should like to take this opportunity of thanking you all for your support during the year. In your secretary you have an able and energetic official whose assistance I found invaluable.

"To my successor in office, Major H. Cuthbert Holmes, I wish the best of luck. He has a strenuous year before him, but is equal to the task, and I know the members of the board will give him the same measure of support accorded me.

OTHER OFFICERS

Other officers installed to-day were: S. G. Clarke, first vice-president; G. C. Howell, second vice-president; Hubert Lethaby, secretary; Alfred Carmichael, Joseph C. Bridgman, Major M. Kirkpatrick-Crockett, Robert Musgrave, F. E. Winslow and A. H. Wolfenden, executive committee; Goodlake and Webb, auditors.

Moving the adoption of the president's report, James Forman expressed satisfaction concerning the efforts made by Mr. Wolfenden on behalf of the board during the year. The progress during his tenure of office had been marked and satisfactory, he said.

Mr. Wolfenden, in turn, had praise to offer for the work done by Mr. Lethaby, secretary, and members of the executive and board as a whole.

INQUEST WILL BE HELD INTO DEATH OF MEN

A coroner's inquest will be held to-morrow morning at 10 o'clock at the Sands Funeral Parlor to inquire into the death of Edward Rogers, 302 Craigflower Road, and George Billington, 1007 View Street, who died last night as the result of injuries received while working at the Victoria Machinery Depot.

LIBERAL DANCE IN THE FORESTERS' HALL ON MAY 10

The Victoria Liberal Association will hold a dance in the Foresters' Hall, 750 Cormorant Street, on Thursday, May 10. There will be dancing from 9 to 1, with cards for those not wishing to dance, and refreshments. Ozard's orchestra will provide the music. Tickets can be had from L. Convery, an Bishop & Worthington Limited.

VEYED THE INJURED MAN TO THE ST. JOSEPH'S HOSPITAL.

Singh hurt his hand a few days ago and had returned to his work for the first time to-day.

Another minor accident also occurred at Sidney to-day when Patrick Clanton, seventeen years of age, fell off his bicycle and was throughout unconscious. Dr. F. W. Manning attended the youth, who suffered no serious injuries.

VICTORIA MAN NEW INSPECTOR

H. L. Campbell of Esquimalt Public School Given Provincial School Post

Harold Lane Campbell, formerly supervising principal of Esquimalt Public School, was appointed to-day to the inspectorial staff of the Provincial Department of Education. He will commence his new duties as school inspector at once.

Mr. Campbell is one of British Columbia's best known educationists. He was born on April 21, 1892, and has made his home in British Columbia for thirty-three years. He was educated in the Boys' Central School, Victoria, and Victoria High School. Subsequently he took extra-mural work with Queen's University, Kingston, and during the last year he has been attending the University of British Columbia where he completed the work for his B.A. degree.

Mr. Campbell taught in the rural schools of the Province, was vice-principal in one of the South Vancouver schools and subsequently vice-principal of Esquimalt Public School. He was then appointed principal of the large-grade school at Esquimalt, Rupert and during the last few years has been supervising principal of Esquimalt Public School.

He is a veteran of the Great War, having enlisted for service in March, 1916, as a private in the 106th University Battalion. He returned from France to England in February, 1919, as sergeant of the Fourth Canadian C.C.S., and was discharged in May of that year. Mr. Campbell has had sixteen years' successful experience as a teacher and principal. He is an eager student of modern tendencies in education and in his relations with boards of schools, trustees, teachers, parents and pupils has a splendid reputation.

Had Resided Here Over Twenty Years

Mrs. Leigh-Spencer, Barrister's Widow, Dies After Long Illness

Mrs. Ann Leigh-Spencer, of Argyle Court, Linden Avenue, a resident of Victoria for the past twenty years, and widow of O. Leigh-Spencer, a former Vancouver barrister, passed away in St. Joseph's Hospital at an early hour this morning after a long illness.

The late Mrs. Leigh-Spencer was born in Oakville, Ontario, seventy-four years ago and came to British Columbia in 1889. She resided in Vancouver until her husband's death in 1905, and shortly afterwards came to the city with her family, residing here ever since and making a wide circle of friends who will mourn her passing. She is survived by a son, O. Leigh-Spencer, of Calgary, and one daughter, Mrs. E. F. Guthrie, of London, England; also six grandchildren. One son, Cyril, was killed in France during the war.

Funeral services will be held at the Sands Funeral Chapel on Saturday at 3:30 o'clock, after which the remains will be forwarded to a cemetery for interment in the family plot in Mount Pleasant Cemetery.

COUNCIL TO DECIDE MILL RATE FOR YEAR

Mayor J. C. Pendray, Pointing to Improving Conditions, Predicts Reasonable Rate

Estimates Committee Meet in Final Debate This Afternoon

Confidence that the mill rate for the year will be struck at a figure that will be satisfactory to all, was expressed by Mayor J. C. Pendray to-day, in reference to the final meeting of the estimates committee called for this afternoon. Conditions were looking up in Victoria, and the mill rate would be considerably below general expectations, his Worship believed.

Meetings of the works, parks and health committees will precede the estimates discussion to-day. The council, when sitting at the city hall on estimates, will have no agenda before it other than the completion of discussion on the budget, and the debate on the mill rate to be passed for the year.

The unreviewed estimates of expenditure called for a rate of forty-four mills, but considerable reductions have been made by the council from time to time in the last two months. The rate to be struck actually will be considerably less, it is anticipated. The rate last year was thirty-eight mills, but that occurred in a year in which there had been a considerable balance handed on from the year before.

At present the membership of the Victoria Real Estate Board stands at sixty-eight, a figure in advance of any yet reached by the body in past years, according to an announcement contained in the report of the secretary, Hubert Lethaby, read at the annual luncheon meeting of the body in Spencer's dining-room to-day.

"I trust," the report said, "that at the end of the ensuing twelve months I shall be able to report still further progress. Additional associate members should not be difficult to obtain if a determined effort is made to secure such a class."

"I personally think," the report went on, "that strong representation should be made to the National Association for a special Canadian rate of not more than \$5 per member; not \$8 which is the present figure and the same as being paid by American boards. I am sure that if such a demand were made we would receive support from all the Canadian boards. The saving of \$114 in this item alone would balance our budget. This is a matter to which I think the incoming executive and members generally should give their earnest consideration."

"In closing I would like to express my thanks for the support I have received at the hands of your retiring president."

REAL ESTATE BOARD GROWS

Secretary's Report at Annual Meeting Shows Unmistakeable Progress

At present the membership of the Victoria Real Estate Board stands at sixty-eight, a figure in advance of any yet reached by the body in past years, according to an announcement contained in the report of the secretary, Hubert Lethaby, read at the annual luncheon meeting of the body in Spencer's dining-room to-day.

"I trust," the report said, "that at the end of the ensuing twelve months I shall be able to report still further progress. Additional associate members should not be difficult to obtain if a determined effort is made to secure such a class."

"I personally think," the report went on, "that strong representation should be made to the National Association for a special Canadian rate of not more than \$5 per member; not \$8 which is the present figure and the same as being paid by American boards. I am sure that if such a demand were made we would receive support from all the Canadian boards. The saving of \$114 in this item alone would balance our budget. This is a matter to which I think the incoming executive and members generally should give their earnest consideration."

"In closing I would like to express my thanks for the support I have received at the hands of your retiring president."

DUMPING DUTY GIVEN SUPPORT

Chamber of Commerce Will Aid Saanich Fruit Growers to Secure Benefits

The Victoria Chamber of Commerce will support the Saanich Fruit Growers' Association in efforts to have the dumping duty on fruits and vegetables put into effect on strawberries to protect the produce of the Island growers.

The Fruit Growers' Association stated in a letter to the Chamber that the re-establishment of the dumping act as enforced last year is of extreme importance to the association.

A special committee appointed last week to investigate the act reported the duty was to be applied by Order-in-Council in special cases and was not automatic in its operation.

Governmental policy having been formed on the matter, the Chamber need go no further than to give its support to the Saanich growers in their attempt to have the duty applicable to their good, it was pointed out.

The Chamber also backed the Grimsby, Ontario Chamber of Commerce in their move to have this duty in force.

Would Have Loan Policy on Paving Of City Streets

That the Chamber of Commerce considers the City Council should drop its "pay-as-you-go" policy in connection with paving of streets in the city and adopt a plan of installing permanent paving on the loan system was the ten

THIRTY MILLS SAANICH LEVY

Tax on 15 Per Cent of Improvements Again Effective

The 1928 tax levy in Saanich will be thirty mills, collected on land values and fifteen per cent of assessed improvements. The by-law establishing this rate was finally passed by the council last night, the vote being 5 to 3. Those in favor of the by-law were Reeve Crouch, Councillors Graham, Stubbs, Oldfield and Eden.

"Why should a man with land worth \$1,000 pay thirty mills in taxes when a man with \$1,000 in buildings gets off with 4 1/2 mills?" demanded Councillor Watson.

Councillor Borden favored taxation of twenty-five per cent of improvements and Reeve Crouch declared resident farmers would pay less taxes if the rate were thirty-five mills on land only.

TAX DIVISION

The estimated revenue from sources other than taxation is \$70,250, the general expenditures of the municipality aggregate \$139,754 and the debt requirements for the year will be \$32,850. School costs show an increase above last year, being \$130,400, of which Saanich must provide \$92,552. The total amount to be raised from taxation is \$193,906.

TO-DAY'S GRAIN MARKETS

By Branson, Brown & Co. Ltd.
Winnipeg, May 4.—Wheat: The market was rather featureless to-day with only a small trade passing and that largely local. Prices advanced almost one cent during the early period due to the cables coming much stronger than expected. However, the extreme weakness in Chicago, that market breaking from 4 to 4 1/2 under the previous close, pulled Winnipeg down 1/4 to 1 3/4 from the early high marks. On this break there was a little buying by seaboard houses which took the slack out of the market and prices reacted again to the high marks.

Selling pressure was much less to-day, and it looked as if liquidation had pretty well run its course. The buying by seaboard did not follow the upturn in prices being bid up by locals in sympathy with the good comeback at Chicago wheat from shippers, more especially the lower grades, and spreads on bids close to a working basis, but overnight, both Manitoba and durum, ported a fair export business in wheat. There was no much evidence of it here, the business again going to the pool.

Argentine shipments show sharp decrease this week, being only 2,194,000 bushels. Australia shipped 1,488,000, also less than the previous week. Bradstreet estimate North American clearances at only 6,552,000 bushels, so that foreign shipments will likely be much smaller than the average.

Charles M. Schwab

Praises Britain

London, May 4.—Charles M. Schwab, chairman of the Bethlehem Steel Corporation, to-night told the members of the British Iron and Steel Institute at a dinner in his honor that he believed Great Britain still was progressing, and that it would assume leadership in the great steel industry. The British nation he termed "the sportiest, squarest nation in the world."

Prince of Wales

To Visit Africa

London, May 4.—The Prince of Wales is understood to be planning to visit Africa. He may leave on such a trip some time toward the end of this year, and the Duke of York may accompany him. No definite programme has been arranged, but the Colonial Office in the meantime will communicate with the African authorities regarding the most favorable conditions for the visit.

AUDIT PLAN IN SAANICH IS KILLED

Reeve Crouch Fails to Win Support For Independent Inquiry

Rural members of the Saanich Council last night blocked an independent audit of the affairs of Saanich, to ascertain the exact incidence of taxation in all wards, urban and rural, during the last five years. Reeve Crouch proposed the inquiry should be made into receipts and expenditures, stating that he had been requested by Premier Maclean to examine and report upon figures presented to the Government recently by the farmers' committee asking secession. He feared that data prepared by himself might be challenged as biased, and believed the council should ask Attorney-General Manson to select an auditor. He considered the cost to Saanich should not exceed \$250. Councilor Stubbs approved the suggestion, but preferred that the selection should be made by the council from firms approved by Mr. Manson. He so moved.

MOVE UNNECESSARY
Councilor Hagan could see no need for such an inquiry, believing the Government to be about to make a similar investigation. Councilor Borden believed the proposed inquiry would cost much more than the estimate of Reeve Crouch. Councilor Watson had no quarrel with an inquiry, but feared that unfavorable conclusions would be drawn from figures presented by the auditors. "None of us would be satisfied, no matter what the report showed," he said. Reeve Crouch remarked that the report would be for the Government's information, and would not be misused by provincial experts. Councilor Stubbs urged that no restrictions be placed upon the auditors engaged who should be given an explanation of the problem and a free hand in handling the question.

COUNCIL OVERIDDEN
Councilor Hagan suggested that the accounts of the service be prepared by a statement. When Councilors Eden and Stubbs protested, he pointed out that 800 ratepayers had gone over the council to appeal to the Government. He considered the council had no status on the question and no grounds for submitting tax data to the Government.

CHARGES FEAR
Councilor Stubbs said he suspected that the figures would make some statements on taxation look foolish. He was prepared to take a chance, but apparently the rural councillors were afraid of what the inquiry might show. Reeve Crouch said he was prepared to aid secession if the people really wanted it. He believed that accurate information should be obtained and distributed. A secret ballot, taken afterwards, would show that many signatures to the secession petition did not wish separation. Councilor Stubbs declared he had been informed by some parties that they had been talking into signing the petition, that being the only means of getting rid of persistent canvassers.

CALL A SUBTERFUGE
An amendment by Councilor Hagan to table the proposed secession petition was blocked by a 4-4 vote, a like fate overtaking the proposal to have an independent audit. Councilors Borden, Watson, Oldfield and Hagan objected to the inquiry, while Reeve Crouch was supported by Councilors Graham, Stubbs and Eden.

PACIFIC FLIGHT PLANS
San Francisco, May 4.—Capt. Charles Kingford-Smith, Australian aviator, who flew here Wednesday from Santa Monica, to-day was preparing for a flight to Australia, on which he proposes to start within thirty days. Capt. Kingford-Smith said there would be two, three or four members in the crew of the giant monoplane Southern Cross in its flight, on which it was expected stops would be made in Hawaii and New Guinea. He said, Lieut. George R. Pond, co-pilot on the plane in its recent effort to break the world endurance flight record, would not be a member of the crew.

TACOMA DEATH

Tacoma, May 4.—The body of William Harry, sixty-two, a member of a well-to-do English family, who had been living here for more than twenty-five years, was found floating in Commencement Bay yesterday morning. Harry disappeared April 19. As he was accustomed to staying away from his hotel room for several days at a time, friends did not become alarmed until he remained away after his latest remittance of money had arrived from Stourbridge, Eng.

While police were searching for him his body was found by the boom man of a lumber mill. Harry is believed to have accidentally fallen into the bay.

A Message to Underweight Men and Women

The one supremely good health building tonic that is also the one great weight producer known to modern science the country over is McCoy's Cod Liver Extract Tablets. They build flesh, where flesh is needed—sunk cheeks, neck and chest—and many a man and woman skinny and scrawny have thanked McCoy's after a few weeks' treatment for the decided improvement in looks and figure. Many times the increase in weight is astonishing—an exceedingly thin woman gained ten pounds in twenty-two days. McCoy takes all the risk—Read this ironclad guarantee. If after taking four sixty-cent boxes of McCoy's Cod Liver Extract Tablets or two One Dollar boxes any thin, underweight man or woman doesn't gain at least five pounds and feel completely satisfied with the marked improvement in health, McCoy's, Vancouver, Or. Drug or any druggist is authorized to return the purchase price. (Adv.)

Income Tax Revenue Now Shows Increase

Ottawa, May 4.—Hon. W. D. Miller, Minister of National Revenue, stated in an interview yesterday that the collections of income tax as at May 1 of the current fiscal year, were \$29,850,615.21 as against \$9,450,489.05 at the same date last year, an increase of \$14,400,126.16. Mr. Miller attributed this to the increased efficiency and activity of this division and the greater effort made to discover "coupon clipper" who had failed to report interest received from Government, municipal and corporation bonds.

CANADIAN BANK HEADS TO CONFER

Commons Committee Recommends Means of Improving System

Ottawa, May 4.—A conference of Canadian bankers and others as a means of devising means in improving the Canadian banking system is recommended in a report tabled in the House yesterday afternoon. Establishment of a Federal reserve bank is not favored. The report states, "that the operations of a central bank of issue or Federal reserve bank, as in the United States, would exercise only a limited or indirect influence over price levels, and that many of the functions attributed to such a bank were already being performed through the Finance Act."

Railway Estimates Given Approval

Ottawa, May 4.—In its final report, tabled in the House yesterday afternoon, the special railway committee of the House approves the estimates of the Canadian National Railways and the Canadian Government Merchant Marine. The report says that when reduction in freight rates on the Canadian National Railways would be made under conditions and larger expenditure on maintenance of way and structures are taken into account, the result of the operations for the last year are "very satisfactory, indeed." The committee is satisfied from the evidence given that the accounts presented for the year are in accordance with the prescribed practice in railroad accounting and accurately reflect the revenue received and expenditure made during the period. The committee is further of the opinion that the amounts of \$39,000,000 asked for the C.N.R. and of \$750,000 asked for the C.G.M.M. are necessary and should be passed by the House.

VALERA MOTION BEFORE DAIL

Dublin, May 4.—Eamon de Valera, Republican leader, suffered a temporary check yesterday in a move recognized as a step in his campaign to abolish the oath of allegiance to the king. Mr. de Valera sought under article 48 of the constitution to present in the Dail a petition signed by 96,000 electors, asking for the initiation by the people of a proposal for laws on constitutional amendments. Speaker Hayes said that although the rules forbade acceptance of ordinary petitions, he would rule this petition not ordinary and accept it unless objection was taken. President Cosgrave then objected and Mr. de Valera, who had been in the Dail should accept the petition.

PENITENTIARY CHANGES
New Westminster, May 4.—Inspector E. S. Jackson announced yesterday that G. W. Frothingham, deputy warden of the penitentiary here, had tendered his resignation, which had been accepted by Ottawa. Mr. Jackson stated the deputy warden, who had been in the position for several months, wanted to resign last September, but was persuaded not to do so. He also announced that a guard at the penitentiary had been suspended from duty following an investigation of the recent escape of Wo Sing from the institution. Pending appointments being made by the Civil Service Commission, the inspector appointed R. M. Allan, chief instructor, to take over the duties of deputy warden.

EDUCATOR DIES
Philadelphia, May 4.—Dr. Edgar F. Smith, well-known educator and scientist, died here last night, aged seventy-two.

Langford

Langford, May 4.—A soft-ball team of young women has been formed, the first practice of which was held on Wednesday night. Miss Doris Chandler-Atkins Road, was elected captain, and anyone wishing to join the team should apply to her. The practices will take place on Monday evenings.

The service on Sunday next, May 6, in St. Matthew's Church, will be at 7 p.m.

On Tuesday evening, May 8, in the Women's Institute Hall on Dunford Avenue, a free picture show will be held under the direction of the Canadian Forestry Association at 8 o'clock. On Monday evening at 8.30 o'clock a general meeting of the Canadian Legion Post No. 91, Prince Edward Branch, will be held in their club rooms, Goldstream Road. At the same hour the Ladies' Auxiliary will hold their monthly meeting in the club room annex.

In order to decide on the future ownership of the Canadian Legion Challenge Cup for the inter-school series of games, both Sooke and Langford teams standing equal, the Sooke team will visit Langford on Saturday, May 5, at 2.30 p.m. to play a match on the school grounds. The local team will visit Sooke in the near future for a return match.

The Misses Olson, Smith, Greener and Leroy are four students from the Normal School gaining further teaching experience in the Langford school this week.

A McCrimmon, of "Rustic Holmes," Langford Lake, is at Nanaimo on business.

Mrs. H. C. O. Bennett entertained at a delightful children's party at Langford Lakeside on Monday last. Merry games and dancing to orthophonic music made the time pass quickly. The visitors present were the Misses Betty and Margaret Smiley, Cecily and Pamela Bennett, Stella and Eileen Hincks, Beryl Yates, Georgiana, Betty and Patricia Looney, Keith and Campbell Brown, Kenneth Hincks, Henry Bennett, and Mr. and Mrs. H. C. C. Bennett.

The Langford Women's Institute members are receiving congratulations for winning the beautiful silver challenge cup given by the president of the Vancouver Island Horticultural Association, Rev. H. B. Allen, for their exhibit at the Spring Flower Show last week.

Master Tom Dixon, of Bryn Mawr Farm, won a silver cup for his well executed miniature model of a Vancouver Island garden at the V.I. Spring Flower Show last week.

Mrs. Ernest Le Quenne and her little son, Jack, have returned to their home on the Goldstream Road after spending a month visiting friends in Kelowna.

Mrs. George Newbury, of Dunford Avenue, is staying at James Island.

J. W. Churchill, former poundkeeper on the Island Highway, has resigned the position. James Edward Simpson succeeds him in this capacity.

The monthly meeting of the Langford Women's Institute was held in their hall on Tuesday afternoon, the president, Mrs. James L. Brown, presiding. Among the correspondence read by the secretary was a communication from Patrick Philip, Deputy Minister of Public Works, replying that the request to clear the public paths to Langford Lake would receive attention.

A letter of appreciation from the members will be sent to P. B. Leighton, secretary of the Vancouver Island Horticultural Association, thanking the association for kindness and courtesy shown them. Mrs. Savory, the Institute's agricultural convener Mr. and Mrs. J. L. Brown and Mrs. A. Cowie were heartily thanked for their work in connection with the floral exhibit at the Spring Flower Show. The Provincial president, Mrs. J. D. Gordon, sent particulars of the Vancouver Island Institutes' Conference, to be held at Duncan on May 15 and 16. Seven little Summer dresses were received from Mrs. R. M. Bird, secretary of Solarium W.A. and will be finished by the members. The hostesses for the day were Mrs. A. Cowie, Mrs. L. J. Wilkinson and Mrs. J. L. Brown.

CROP REPORTS and BUSINESS SUMMARIES

DURING the season the Bank of Montreal issues periodical reports on crop conditions throughout Canada.

Every month it publishes a "Business Summary" covering business conditions in the Dominion and in the countries where the Bank has offices.

LIBEL FILED AGAINST SHIP

Capt. R. Pamphlet to Be Defence Witness at Hearing on Tuesday

Portland, March 4.—The warden of Mecklenburg Federal Prison was directed yesterday in an order signed in Federal Court here to return Capt. Robert Pamphlet to Portland next Tuesday. Pamphlet is serving a sentence in the prison following his conviction in the celebrated Pescawha liquor running case. He will be a witness for the defence in a libel filed by the Government against the Pescawha, a Canadian ship of which Pamphlet was master, and its cargo of 1,075 cases of Canadian liquor.

The Pescawha was seized off Willapa Harbor in 1925 after six sailors of the wrecked lumber schooner Cooba had been rescued by the Pescawha. The Pescawha was chased and seized by the coast guard cutter Algonquin, which also was searching for members of the crew of the wrecked lumber schooner. Since its seizure the Pescawha has been berthed here under Government guard.

JAPANESE MISSES PACIFIC LINER

H. Matsui Racing Westward to Japan Is Delayed on S.S. Aquitania

Seattle, May 4.—Because the Aquitania did not arrive at New York in time for him to make the connections around the world, H. Matsui, Japanese racing world-race winner who took the westbound route, will not fly across the country. N. A. Bartels, manager of the Northwest Air Service, announced today.

He will miss the President Cleveland because of his delay in the East, and so will take a train across the continent.

The President Cleveland will sail from Victoria on schedule time, 6 p.m. Saturday, now that it has been announced that Matsui will not be able to make connection with the ship. Officials of the American Mail Line are willing to hold the Cleveland at Victoria for two hours if there was any chance of the Japanese world racer making the liner, crossed Russia from Vladivostok to Moscow and then journeyed to Berlin by rail and by air. From Cherbourg he crossed the Atlantic to New York on the Aquitania.

From New York Mr. Matsui planned to travel over the regular air routes to Chicago and then to Salt Lake City. He would then have taken the train into Seattle and Victoria by the seaplane which serves the Seattle-Victoria airman route.

The Cleveland will take on cargo, passengers and mail before sailing for China, Japan and Philippine ports.

Schooner Seized On Liquor Charge

New York, May 4.—The four-masted schooner Duxton G. Creamy was seized and its captain and five of the crew were arrested yesterday after customs authorities said they had proof the schooner had landed a liquor cargo valued at \$450,000 Tuesday afternoon near Harrison, N.J. The seizure and arrests were made at the Sea-Rock dock in Newark Bay.

RUTH ALEXANDER WILL SAIL FROM VICTORIA LATE

Because of heavy freight in Seattle, the Pacific Steamship Company's coastwise liner Ruth Alexander will sail from Victoria three hours late on Sunday morning for California ports, according to word received in the city this morning. The ship will sail on Sunday morning for California ports, according to word received in the city this morning.

The Ruth was late in making port last evening from California and instead of docking at 10 o'clock as scheduled she did not arrive until 2 o'clock this morning. The seventy passengers aboard for Victoria remained on the ship until 9 o'clock, the vessel leaving one hour later for Seattle.

Grain Elevator Rising Rapidly At Ogden Point

Forty-seven Storage Bins, Ninety Feet in Height, Will Be Completed Within Two Weeks; Work House for Cleaning and Drying of Grain Will Rise to Height of 214 Feet; More Than 200 Men Employed in Construction on Two Shifts

Ogden Point Piers present a scene of activity these days, as work is being rushed forward with two shifts on the grain elevator which the Panama Pacific Grain Terminals is erecting there at Pier Two. More than 250 men are employed on the day and night shifts, and the elevator will be ready for use on September 1 of this year, according to announcement made this morning by J. E. Amundson, general superintendent for the contractors of the elevator, Smith Brothers & Wilson, of Vancouver.

The forty-seven storage bins of concrete which will eventually rise to a height of ninety feet are going up from eight to ten feet a day, the foreman of this division said, and will be completed within two weeks under present plans. These forty-seven bins, which are shaped like tanks, comprise twenty-two large containers, and twenty-two small ones, which will be used for the storage of different classes of grain.

THE WORK HOUSE
The work house where the grain will be dried and cleaned before being stored in the bins is also rising rapidly. It stands more than fifty feet in height now and when finished will rise 214 feet with seven stories. Rails will be put down beside the elevator to bring grain into the work house. It will first be dumped into big cement pits which are now under construction. From here it will be sent into the work house, where it will be cleaned and dried and then conveyed into the bins. Where 1,000 bushels can be stored. Gravel and rocks for the erection of the bins are being brought to Ogden Point from Esquimalt. A cement roadway is being constructed from the elevator to the Dallas Road.

MAN DROWNS, PROVISIONS GO OVERBOARD IN SHIP'S LONG BATTLE WITH WAVES

Honolulu, May 4.—The missing four-masted schooner, Ella A. limped into Waimea Bay, Island of Maui, yesterday with seven feet of water in her hold. Her crew told a story of hardship, including those of the crew of windjammers. Captain D. O. Killman declared the ship had been battered by the seas for 148 days after leaving Newcastle, Australia, with a cargo of coal for Callao, Peru.

Forty days out of Newcastle the ship sprang a leak after a long battle with the waves. One man was lost when he was washed overboard. The ship lost her provisions in the storm and only a supply of bread and a few potatoes remained in the galley. Bread and potatoes made up the diet of the crew for many weeks.

When the ship reached Maui her water supply was reduced to enough to last less than two weeks. The Ella A. now is awaiting a tow to Honolulu.

Seattle, May 4.—The Ella A., commanded by Capt. Dan Killman, and

MARINE NOTES

The Princess Elaine was docked at Yarrow's Limited early this morning for cleaning and painting preparatory to starting her scheduled Nanaimo-Vancouver run on Sunday morning. The Elaine will be floated this evening, and will leave immediately for Nanaimo, where she is booked to take an excursion to-morrow morning at 9 o'clock for Jervis Inlet and return.

The Princess Marguerite was taken off the ways at Yarrow's Limited during the night to make room for the Elaine, and is now tied up at the landing wharf where final cleaning and painting is being done on her in preparation for the summer season, which she will start with her sister ship the Princess Kathleen on Sunday, May 19. The Princess Kathleen will be docked at Yarrow's at the beginning of next week.

No definite word has been received this morning by King Brothers, local agents, as to when the Norway-Pacific motorship, Theodore Roosevelt, will arrive at this port. She will tie up sometime today, it is expected at the Rithet docks, with 25 tons of general cargo from Antwerp and other European ports.

Picking up the cargo which was to have been taken by the Norwich City, the freighter Bradfryne will arrive in Victoria on Sunday to load 1,000,000 feet of lumber for the Atlantic seaboard. The Norwich City is undergoing repairs in Vancouver after crashing into the second Narrows bridge last week.

C.N.R. HONORS HEROES OF AIR

Stations on Western Lines Named After Famous Aviators

Winnipeg, Man., May 4.—In honor of four gallant pioneers of the air, the Canadian National Railway has named four new stations in the Western Region, "Fitzmaurice," "Lindbergh," "Alcock" and "Hinchliffe." A fifth will be known as "Endeavor." Commemorating the achievement of the German monoplane Bremen, whose flight across the Atlantic thrilled the world a few weeks ago, the railway has given the name "Fitzmaurice" to one of the stations on the Willowbrook extension, a continuation of the line running due west from Yorkton, Sask. The heroism of Capt. Walter G. R. Hinchliffe, the heroic British airman who, with Hon. Elsie McKay, was lost in March in an attempt to fly the Atlantic from east to west, is commemorated in the name of the station nine miles north of Sturgis, Sask., on the Sturgis-Peasane branch. The station beyond will be called "Endeavor," which was the name of the plane. There is already in existence a station known as McKay, Lindbergh's feat of a year ago is recalled and the young hero honored in the name of the station at Mile 149.5 on the St. Paul-Edmonton branch, Alberta.

One of the greatest of all the air pioneers, Capt. John Alcock, is given permanent tribute in a new station northwest of Ashmont, Alberta. Alcock and Brown flew from Newfoundland to Ireland in 1919, the first to cross the Atlantic in a machine heavier than air. The Canadian National Railway will continue the policy of naming stations after men whose exploits have won them world-wide admiration, so long as there is no conflict with names already in use.

BEDTIME STORY

Uncle Wiggily in the Cave

Copyright, 1928, by McClure News-Paper Syndicate.

By HOWARD R. GARIS

"Come on, boys and girls!" called Uncle Wiggily to his forty-seven little bunnies one beautiful morning when the sun was shining and there were no classes in the Hollow Stump School. The lady mouse teacher said all her pupils knew their lessons so well on Thursday that they need not come to school on Friday.

"Oh, how jolly and fine!" crowed Charlie Chick, the rooster boy, when he heard this. And as Uncle Wiggily called his little bunny boys and girls out of the hollow stump bungalow Jingle and Jangle asked:

"Where are you going to take us, Daddies?"

"Out for an adventure!" answered Mr. Longears. "Hurry, before all the adventures blow away in the wind!"

So the little bunnies, hurried, and when Uncle Wiggily began to count the pink, twinkling noses all around him there were only forty ten instead of forty seven.

"Someone is missing!" said the rabbit gentleman. "Who is it?"

"It's Buster," answered Custer. "He's still trying to do the puzzle you gave about the queer marks, or tracks, in

May flowers, all of a quickness there was a noise behind a big rock and Jingle and Jangle caught hold of each other.

"Here comes the Bear!" they cried.

"Nonsense!" laughed Uncle Wiggily, who had seen the twinkle of a little pink nose around the corner of the rock. "It's only Baby Bunty!"

And so it was. Baby Bunty, the little orphan rabbit, who was visiting Uncle Butter and Aunt Lettie, the goat gentleman and lady, had come running through the woods to join Uncle Wiggily.

"Take me with you adventuring!" she begged.

"Of course," answered Mr. Longears. "Hop along with us, Bunty!"

So now there were forty twelve little bunnies with Uncle Wiggily. On and

NAME THESE NOISES

on they hopped, over the fields, up hill and down dale until, after a while, on a distant hill the Fox and Bob Cat saw the procession.

"Look!" whispered the Bob Cat. "There's Uncle Wiggily and a lot of tender little rabbits! Let's chase after them!"

"Come on!" snarled the Fox. So the two bad chaps ran down the hill toward Mr. Longears and the forty twelve bunnies. But Uncle Wiggily was a smart old rabbit, always on the lookout for danger. He sniffed and he sniffed the wind and he smelled the Fox and Bob Cat coming. Looking around for a place to hide, the little animal children, Uncle Wiggily saw a cave, or cavern, in the side of a hill.

"We'll hide in this hole!" whispered Mr. Longears.

"Oh, but it's so dark in there!" said Baby Bunty.

"I have some fireflies in a bottle to give us light," said Mr. Longears. "Quick! Into the cave before the Fox and Bob Cat get here!"

So into the cave hopped all the bunnies before the Bad Chaps could catch them, and Uncle Wiggily rolled a big stone in the hole. It was dark in the cave, but the fireflies soon gave light, and to keep the bunnies amused, Mr. Longears gave them a picture puzzle, drawing it on a flat rock with a colored stone. One drawing was of Noah's Ark, another of a man rowing a boat with oars.

"Here are pictures of some noises," said Mr. Longears. "See if you can name the noises while we are waiting for the Fox and Bob Cat to go away." And if the dandelion doesn't roar at the violet when it asks the buttercup to spread a slice of bread I'll tell you next about Uncle Wiggily and the Bear's supper.

"Come on!" snarled the Fox.

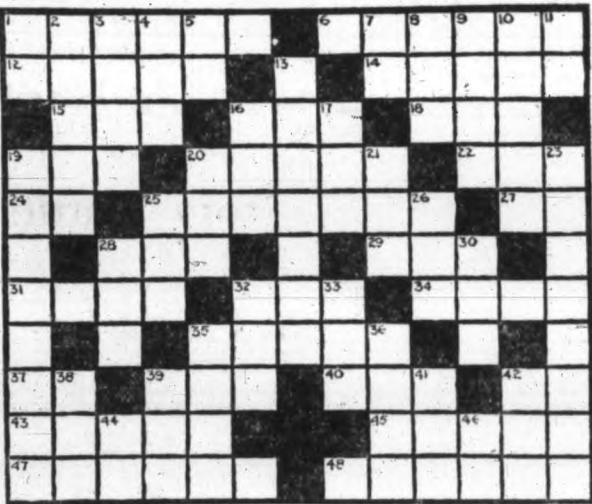

the soft ground. He can't guess the names of those who made the marks.

"Dear me! Buster needn't stay in on that account," said Uncle Wiggily with a chuckling laugh. "Tell Buster the two long cross-marks were made by the new rubber tires of an automobile. On the right of those, in the puzzle, the marks were made by a boy walking with his shoes on, and below them were the tracks of a barefooted boy. While to the left of the barefooted tracks were the paw marks of a dog."

So Custer ran to tell his brother, Buster, the answer to the puzzle, and soon all the bunnies were following Uncle Wiggily to the woods.

All of a sudden, as they were all hopping along, smelling the sweet

Solution of Yesterday's

To-morrow's Horoscope

SATURDAY, MAY 5, 1928

Astrologers read this as an uncertain day, but benefic aspects appear to dominate.

The early morning is a most auspicious time for seeking positions of any sort. All in search of employment should be active to-day.

There is a sign especially promising for bankers and financiers, who certainly will gain immense power in the world through business relations of a new order.

All who seek public favor should advertise or seek publicity while this rule prevails.

This should be a lucky day for political aspirants and even women who may not be lucky this year should benefit. There is a sign of great promise for building and engineers should profit, for their services will be in great demand.

The summer is to be marked by new discoveries of the earth's resources and unusual activity in certain mining districts.

All who keep books or who have to do with the handling of money should be fortunate while this configuration prevails.

There is a sign read as presaging many weddings and this Spring there will be a decidedly mercenary tinge to many romances.

Lovers who have little money will find the stars less kindly to romance than usual, it is prophesied.

Women at this time will be more ruled by logic than by love, if the stars are rightly read.

Warning is given that girls should be wary of temptation to enjoy luxuries at a cost they will regret.

Persons whose birthdate it is may have an unexpected journey or a decided change in the coming year.

Children born on this day probably will be alert, resourceful and prosperous. The subjects of this sign usually have a fine intellect.

Ms. Princess Kathleen takes an excursion to Seattle, Saturday, May 12, leaving at 9 a.m.

Two men were arguing about a point in Scripture. A third interrupted: "Do you know, I never can remember things in the Bible. I always thought Sodom and Gomorrah were man and wife." One of the men laughed, but the other said: "Well, weren't they? They were both giants, anyway."

The four-piece ensemble is gaining popularity. A grey tweed skirt, cardigan and top-coat has a grey and green zig-zag striped angora jumper.

They're hungry when school's out

CHILDREN rushing home from school want a bite to eat. Often they ask for food at other odd times.

Mother solves the problem by giving them Quaker Puffed Wheat. A wholesome cereal as enticing as sweets—and satisfying. Light and easily digested. Its crunchiness ensures thorough mastication, and helps to keep teeth and gums in healthy condition. All the bran is there, but delightfully concealed.

Quaker Puffed Wheat is the whole wheat grain, puffed to eight times normal size, and exploded, thoroughly cooked and oven-crisped. Serve direct from the package, or warm if you wish.

Quaker Puffed Rice, too

Rice grains, also puffed and exploded. Dainty and light. Easily digested. Always pleasing and inviting to the appetite.

"THREE MILES UP" AEROPLANE FILM WITH AL WILSON

The old story about the truth being stranger than fiction was demonstrated in the filming of "Three Miles Up," a Universal production which is at the Coliseum Theatre today.

This picture, which is one of Al Wilson's starring aeroplane vehicles, is well stocked with thrills, but the entire company was handed a decided surprise in one of the automobile racing sequences.

The race took place on a steep mountain road with many dangerous curves. At one particular spot there is a straight drop of about 500 feet.

Director Bruce Mitchell selected this point for a very good Cadillac to be pushed over. The car, dropped and the camera ground, but instead of the usual smash-up, the car landed on all four wheels on the flat below and stopped running. When examined it was found to be practically without damage.

Al Wilson is supported in this, his latest aeroplane picture, by Ethylene Clark, William Malan, Frank Rice, William Clifford, Billy "Red" Jones, Joe Bennett and Archie Ricks.

Although Alec Francis is English to his fingertips, it was recently discovered that he bears a most striking resemblance to the Hungarian composer, Franz Liszt.

It was Allan Dwan, who directed Francis in his portrayal of "The Music Master" for Fox Films, who made the discovery, and, to confirm it, he had a silhouette made of the Francis profile and placed it side by side with a similar silhouette made from a bust of Liszt. It was impossible to tell which was the real "music master."

Lois Moran and Neil Hamilton are featured in "The Music Master," which is now showing at the Playhouse Theatre.

DE WITT JENNINGS PLAYS PROMINENT ROLE AT VARIETY

With more than thirty years' experience on stage and screen, DeWitt Jennings, who plays a prominent role in "The Ice Flood," now showing at the Variety Theatre, is one of the foremost actors in point of experience in the United States. He spent more than twenty years on the New York stage, appearing with some of the best known stars of that period, and has been in pictures almost continuously for the last decade.

"The Ice Flood" is a Universal-Jewel production, featuring Kenneth Harlan and Viola Dana.

LARGE CAST WITH MILTON SILLS IN CAPITOL FEATURE

One of the season's largest casts is to be found in "Burning Daylight," the First National Picture starring Milton Sills, which is now at the Capitol Theatre.

Opposite Sills in the feminine lead is the charming Doris Kenyon. Arthur Stone plays a comedy part that is second in importance only to the roles of Sills and Miss Kenyon. "Big Boy" Williams, Frank Hagney, Jack MacDonald, Stuart Holmes, Jane Winton, Lawford Davison, Harry Northrup and a number of other players equally well known, are in the supporting cast.

"Burning Daylight," a screen version of Jack London's popular novel of the same name, was directed by Charles Brabin.

TALMADGE HAS POLICEMAN ROLE IN "NIGHT PATROL"

A sterling all-star cast appears in support of Richard Talmadge, the agile F.B.O. star, in his latest comedy-melodrama, "The Night Patrol," now at the Columbia Theatre. Besides the star himself the cast includes such popular favorites as Gladys Hulette, Mary Carr, Charles Clary, Grace Darmond and others.

"The Night Patrol" is a rushing and roving combination of vivid melodrama and booming comedy with the dashing Talmadge introducing several new stunts hitherto unrevealed on the screen.

green. In the role of the swagger young policeman who saves the brother of his sweetheart from death in the electric chair, Talmadge brings to the screen a portrayal of character which establishes him as an actor of fine facility and power as well as a comedian.

ABSOLUTE ACCURACY OF DETAIL NEEDED IN PICTURES NOW

The critical eye of the picture audience is forcing absolute accuracy of detail in the filming of productions today, according to William Wellman, Paramount director. "For that reason, the man who directed 'Wings,' which is now hailed as the greatest motion picture roadshow ever filmed, surrounded himself with the best of technical advisers as he started work on the companion picture to 'Wings,' 'The Legion of the Condemned,' now showing at the Dominion Theatre this week.

In spite of the fact that the young director lived the life of a flier at the front during the war as a member of the Lafayette Squadron, he insisted upon four other aviation experts being assigned to his unit because, as he believes, "everything must be correct if the production is to meet favor with the audience."

STANDARD BUSINESS MEN APPEAR AS BALLET DANCERS

"Let's Go," Snappy Revue, Presented By Gyros Opens at Royal Victoria

Eight well-known business men, standard and eminently respected citizens of Victoria, attired in the skimpiest of pink ballet dresses and tights, some wearing the jazziest of "kiss-cuts," others with golden ringlets hiding a nearly bald head, attempting to dance with airy grace to a host of flowers, with two other equally well-known men of the community acting as solo dancers with a lissomeness which can only be described as elephantine.

This was one of the funniest of the many "turns" in the revue "Let's Go" staged by the Gyro Club at the Royal Victoria Theatre last night, and to be repeated to-night and to-morrow. "Let's Go" is the fourth production presented by this service club and the enthusiastic reception it received for its premiere guarantees its success both as a source of entertainment and as a means of raising funds for the club's many philanthropic activities.

DANCE BULESQUE

"The Ballet of the Flowers" to which reference was made above literally brought down the house, gales of laughter greeting Bill Hudson, Phil Chaston, Johnny Simpson, Eric Greville-Jones, Harold Butters, Fred R. Whiteside, Jack Fuller and Walter Hall, as they entered on their toes, attired in regulation, abbreviated ballet skirts and went through the dancing evolutions. Bill Cameron and Les Eastman, the solo dancers, convulsed the audience with their "pas de deux," posturing with all the assurance of premier ballerinas.

This ballet was preceded by a pitifully entitled "Loose" in which two matrons, impersonated by Dr. Charles Moss and Fred Bartholomew, join Miss Hysteria Amphibia's school of dancing in an endeavor to become supple and lissom.

Miss Dorothy Hartree taking the role of Miss Amphibia.

In contrast to the ballet burlesque was the interpretative ballet presented by the Russian School of Ballet Dancing, and one of the most beautiful and finished numbers on the programme. As the curtain went up on this number.

MISS FRANCES FOWLER

of the Players' Club of the University of British Columbia, who will be seen in the comedy, "Polly With a Past," to be presented in the Royal Victoria Theatre, on Monday, May 7.

Dramatic Presentation By University Players

"Polly With a Past" Will Be Staged at Royal Victoria Theatre on Monday Next, Sponsored by the Victoria Kiwanis Club for Charitable Objectives

When the curtain rises in the Royal Victoria Theatre on Monday night for the first act of the comedy, "Polly With a Past," it will signalize the fifth dramatic presentation by the University Players to be sponsored by the Victoria Kiwanis Club, and the third student body.

Results have more than justified the Victoria Kiwanis Club in shouldering responsibility for former performances, and indications are that the patronage to be accorded this year will exceed that of any previous occasion. Acting Chairman Donald McAdie states that the sale of tickets continues to be most gratifying, but that those who wish to secure good seats will be well advised to lose no time in making their reservations.

ber, the Misses Lorna Cutler, Frances Amphlett, Barbara Huike, Gwen Carter, Phyllis Sheppard, Alice Bower, Kathleen Ross, Grace Hodges, Dolly Spencer, Winnie Shaw, Edna Wallace, Judy Meighen, Helen Crawford and Helen Marling, were shown in artistic pose holding silver balloons, producing the effect of a Grecian frieze. The Misses Dorothy Wilson and Madge McGowan were the soloists, dancing with exquisite grace. Each of the dancers in this very beautiful spectacle showed finish and technique, and it was accorded a well-deserved and most enthusiastic reception by the delighted audience.

Some very snappy dances, notably the "Zulu Walk" in which they wore skirts and leis of Hawaiian persuasion, were presented by Peggy Ditchburn, Mary Black, Olive Barker, Betty Harris, Blossom Burnett, Zeta Clark, Jean Brocklebank, Evon North, Stella Simmonds, Helen Loggin, Gwen Maynard, Iris Hall, Margaret Patterson, Dorothy Key, Marie Splander, Jean Currie and Jean Smith. "The Googly Goo," another bright dancing act in modernist jazz pierrot costumes with purple gowns, featured Olive Acton, Peggy Ditchburn, Helen Loggin, Jean Brocklebank, Gwen Maynard, Evon North, Margaret Foyer, Jean Dunagan, Betty Harris, Stella Simmonds, Jean Smith and Catherine Kenning.

CLEVER DANCING
The Talent Girls, who opened the programme with a dance and song number, "What the Public Wants" were Gertrude Hicks, Clara Allen, Thelma Savage, Teddy Service, Eleanor Dinsdale, Grace Humber, Jean MacLachlan, Frances Amphlett, Marguerite Hicks, Jean Cockin, Alice Churchill, Marguerite Sehl, maids, May Black, Olive Barker, Zeta Clark, Iris Hall, Margaret Patterson, Marie Splander, Marie Splander, Jean Currie and Jean Smith.

Miss Violet Fowkes, the popular dancer, appeared with her partner, Jay Popsen, in a number of delightful specialty dances which were popular favorites with the audience, both dancing with finished grace and skill. One of their best turns was in connection with the spectacular Gypsy camp number in which they danced an Adagio. Douglas Parks sang "Gypsy Sweetheart" and Llewellyn Jones sang "Play Gypsies, Dance Gypsies." "Sentimental Sills," with a number of boys and girls in a song and dance number, was brightly presented by Kitty Cave, Jean Booth, Faith Monk, Beatrice Raymond, Helen Stewart, Phyllis Petherbridge, Raymond Ditchburn, Ken Bostock, Logan Byng, Frank Elliott, Jack Child and Ron. Sam Smith.

The ever-popular Buckle trio played with much artistry in the musical number, "A Glimpse of Yesterday," wearing Pompadour gowns and powdered wigs, while Mrs. Arthur Dowell, similarly costumed, sang with much charm "The Second Minuet."

AMUSING SKETCHES
Several amusing sketches created much laughter. "Crime-a-is-Charleston," showing a father tortured by the Charleston propensities of his wife and family, was cleverly played by Roy Manzer, Bill Cameron, Peggy Ditchburn, Faith Monk, Ken Bostock, with

with Miss Marguerite Sehl and Ron Smith, supported by a chorus including Eva Mess, Lois Peacey, Helen McCafferty, Amy Pogson, Hilma Cameron, Grace Sluggett, Lily Muir, Alice Conway, Connie Chow, men, Harry Savage, Art Minnis, Frank Timmins, Art MacNeill, Charlie Fraser, Bert Sibbald, Jerry McKee, Vernon Harford and Noel Collison, were other features in the bright and entertaining programme. The Misses Muriel Parley and Doris Cooke acted as pages and introduced the leading numbers.

EXCELLENT PRODUCTION
The revue was produced by the Misses Slick and Jones, under the personal direction of Miss Mabelle Slick.

The work of putting on the revue has undoubtedly entailed a tremendous amount of work on the part of those responsible, which includes, in addition to the above, the following executive officers: Manager, Louis Glazen; committee, Warrie Waterson, Bob Yates, Jay Pogson, Art Kerr, Sid Chiversall; auditors, Cyril Baker and O. M. Frenchie.

The following firms supplied appropriate stage properties: Home Furniture Company, furniture; Fletcher Bros., grand piano; Kent's Music Store, orthophonic; Loyal Orange Order, rostrum and arbor, and many others.
